## STAFF REPORT NO. 20 (CONT'D)

### **STAFF ANALYSIS AND RECOMMENDATION:**

#### **Authority:**

Public Resources Code sections 6005, 6216, 6301, 6501.1, 6503, and 6503.5; California Code of Regulations, title 2, sections 2000 and 2003.

#### **Public Trust and State's Best Interests Analysis:**

On June 1, 2009, the Commission authorized a Recreational Pier Lease for two existing mooring buoys to Michael McCarthy and Marie McCarthy ([Item C01, June 1, 2009](#)). On April 26, 2013, the Commission authorized an assignment of the lease to Virginia K. Stock and George Johannessen ([Item C03, April 26, 2013](#)). The lease expired on May 31, 2019. The Applicant is now applying for a General Lease – Recreational Use for the continued use and maintenance of the two existing mooring buoys.

The Applicant owns the upland adjoining the lease premises. The subject facilities are privately owned and maintained. The facilities are used for the mooring of boats and facilitate recreational boating. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust land (Pub. Resources Code, § 6503.5).

The subject facilities do not significantly alter the land, and the lease does not alienate the State's fee simple interest or permanently impair public rights. The subject facilities have existed for many years at this location. Upon termination of the lease, the lessee may be required to remove all improvements and restore the lease premises to their original condition. Additionally, the buoys occupy a relatively small area of the lake. Therefore, staff believes that the mooring buoys will not substantially interfere with Public Trust needs at this location, at this time, and for the foreseeable term of the proposed lease.

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved. For all the reasons above, staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine and in the best interests of the State.

### **OTHER PERTINENT INFORMATION:**

1. Approval or denial of the application is a discretionary action by the Commission. Each time the Commission approves or rejects a use of

sovereign land, it exercises legislatively delegated authority and responsibility as trustee of the State's Public Trust lands as authorized by law. If the Commission denies the application, the Applicant may be required to remove the two mooring buoys and restore the premises to their original condition. Upon expiration or prior termination of the lease, the lessee also has no right to a new lease or to renewal of any previous lease.

2. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction.
3. On October 24, 2018, the TRPA Governing Board certified a Final Environmental Impact Statement and adopted Lake Tahoe Shorezone Ordinance Amendments.
4. Staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.
