WAAS AT THE APPRAISED CASH PRICE OF \$610.65, SUBJECT TO ALL STATUTORY RESERVATIONS INCLUDING MINERALS, UPON THE LISTING (CONVEYANCE) OF SAID LANDS TO THE STATE BY THE FEDERAL GOVERNMENT.

6. (TIDELAND LEGISLATION - W.O. 721) In view of the fact that the Attorney General and the legal adviser to the Controller have given advice that only two means by which the Controller might draw his warrants in favor of the United States Treasurer to transfer invoices collected pursuant to the Stipulation effective October 1, 1950, in the case of U.S. vs. California, is by legislation or by decree in a law suit, it is believed advisable that emergency legislation be enacted by the coming session. The following legislation has been drafted by the Attorney General's office. Discussion has been had thereon by that office with Mr. McCarthy in the Controller's office, Mr. Klep, the Legislative Counsel, and Mr. Sam Collins, Speaker of the Assembly. Mr. Everett W. Mattoon, Assistant Attorney General, appeared before the Commission to discuss this legislation with the Commission.

An act to add Section 6817 to the Public Resources Code, relating to the disposition of certain moneys in the State Treasury derived from the use of tide and submerged lands and authorizing and directing the State Controller to draw warrants for the payment thereof, making an appropriation therefor, and declaring the urgency of this act, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 6817 is hereby added to the Public Resources Code, to read as follows:

6817. Notwithstanding the provisions of Section 6816 moneys derived from the use of tide and submerged lands along the coast of California under leases by the State of California referred to in that certain Stipulation entered into by the Attorney General of the United States and the Attorney General of California on August 21, 1950, in the case of United States v. California, proceedings in which are now pending in the United States Supreme Court, which moneys are received from and after October 1, 1950, and which under Section 6816 are made payable to the State Lands Act Fund, shall be deposited in a Special Deposit Fund or Trust Fund, and all such moneys so deposited are hereby appropriated for deposit with the Treasurer of the United States to be by him segregated and held in a special fund throughout the effective term of said Stipulation and any extensions thereof which contain the same provisions with regard to the segregation and disposition of such moneys, all in accordance with the provisions of said Stipulation as to the ultimate disposition of said moneys. The Controller is hereby authorized to and shall draw warrants for payment of all such moneys in such Special Deposit Fund or Trust Fund; said warrants shall be drawn to the order of the Treasurer of the United States and delivered by said Controller to the Secretary of the Interior; and such warrants shall be drawn and such sums shall be so paid upon the deposit of such moneys in the State Treasury for the quarter following October 1, 1950, and quarterly thereafter. In all other respects the provisions of Section 6816 of this Chapter shall control.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

It is of the greatest importance that the development and production of oil and gas from the tide and submerged lands along the coast of California continue uninterrupted, and with the same degree of efficiency as heretofore, under the leases made by the State of California to its lessees, during such period as shall elapse until final adjudication of the issues now pending in the United States Supreme Court in the case of United States v. California under the proceedings before the Special Master appointed by said Court, or until permanent legislation is enacted by the Congress determining the rights of this State in and to said lands. The reason for this is that such uninterrupted and efficient development and production is vital to the needs of public health, industry, transportation, and many domestic uses of hydro-carbon products in this State. Under the provisions of the Stipulation entered into by the Attorney General of the United States and the Attorney General of California on August 21, 1950 in the action heretofore referred to, it was agreed that all rentals, royalties and other payments received by the State of California from these said leases in the tide and submerged lands along its coast, beginning on and subsequent to October 1, 1950, would be segregated and held in a special fund and paid quarterly to the order of the Treasurer of the United States and delivered to the Secretary of the Interior, the United States agreeing to segregate and hold all moneys so paid in a special fund until such time as the proprietary rights in any particular area of said lands shall be finally judicially determined, or shall be agreed to by the parties thereto; such agreement not to preclude any other proper disposition by reason of an order of the Supreme Court of the United States or of an Act of Congress.

The legislative provision contained in this Act is necessary for the immediate carrying out of the provisions of this Stipulation and the aforesaid uninterrupted and efficient production and development of hydro-carbon substances from the aforesaid lands.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED APPROVING THE PROPOSED LEGISLATION AND AUTHORIZING THE EXECUTIVE OFFICER TO ARRANGE FOR ITS INTRODUCTION IN THE 1951 REGULAR SESSION OF THE LEGISLATURE.
