

approved by the Commission heretofore, the last amendments having been approved on July 24, 1945. The Letter Agreement of extension as submitted by the lessee provides for extension of the contract terms from September 30, 1950 to September 30, 1951 unless terminated before that time on 30 days' prior written notice by either party. No revision of the contract is proposed at this time.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED AUTHORIZING THE EXECUTIVE OFFICER TO APPROVE THE LETTER EXTENSION OF NOVEMBER 14, 1950 TO THE CRUDE OIL SALES CONTRACT OF NOVEMBER 1, 1942 BETWEEN PACIFIC WESTERN OIL CORPORATION AND THE RICHFIELD OIL CORPORATION AND THE CRUDE OIL SALES CONTRACT OF SEPTEMBER 10, 1943 BETWEEN GEORGE F. GETTY, INC. AND RICHFIELD OIL CORPORATION TO WHICH CONTRACT PACIFIC WESTERN OIL CORPORATION SUCCEEDED IN INTEREST AS OF MAY 31, 1946, AS THE BASIS FOR THE SALE AND DELIVERY BY THE PACIFIC WESTERN OIL CORPORATION OF ALL OIL PRODUCED UNDER STATE OIL AND GAS LEASES P.R.C. 420 DATED SEPTEMBER 10, 1949 AND P.R.C. 423 DATED NOVEMBER 22, 1949, SUBJECT TO THE EXPRESS CONDITION THAT THE APPROVAL OF THE SALES CONTRACTS SHALL NOT BE CONSTRUED TO MODIFY OR AFFECT IN ANY MANNER ANY OF THE LEASE TERMS INCLUDING FULL COMPLIANCE BY THE LESSEE WITH ALL THE TERMS AND CONDITIONS OF OIL AND GAS LEASES P.R.C. 420 AND P.R.C. 423 AND THE RULES AND REGULATIONS OF THE COMMISSION.

8. (AGREEMENT FOR EASEMENT NO. 415, RIO VISTA, ALLOTMENT REVISIONS NO. 44 AND NO. 45 (POOL BASIS), STANDARD OIL COMPANY OF CALIFORNIA) The Commission was informed that the Standard Oil Company of California, as lessee under Agreement for Easement No. 415, Rio Vista, has submitted data relative to proposed revisions of the estimated productive limits of the pools within the field based upon the developments from the drilling of additional wells and current review of the productive capabilities of existing wells. Under the terms of the easement agreement proposed revisions of the productive limits of the field are subject to review by the State. The current proposed revisions have been reviewed by the staff and found to be a reasonable interpretation of the productive limits of the affected pools based upon the available engineering data and processes for estimate of pool limits by the Rio Vista Allocation Committee. The proposed 44th revision would result in a minor decrease of State participating acreage in the East Midland Pool, minor decreases in the total limits of the East Midland and West Hamilton pools, and a minor increase in the total participating area of the East Emigh pool. The proposed 45th Revision would result in a minor increase in the total participating area of the West Hamilton pool. The specific data relating to these changes are tabulated herewith:

Pool	Total Participating Area (acres)	Estimated Productive Area of State Lands (acres)	Allotment to State Lands (43d Revision)	Allotment to State Lands (44th Revision)
East Emigh	2727.97	12.39	0.4762%	0.4542%
West Emigh	16984.09	1938.94	10.8274	10.8274
West Hamilton	9238.15	1181.61	12.8205	12.8322
East Midland	4782.26	95.28	2.0540	1.9924

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED AUTHORIZING THE EXECUTIVE OFFICER TO APPROVE THE 44TH REVISION (POOL BASIS) TO THE STATE'S ALLOTMENT OF PRODUCTIVE LANDS EFFECTIVE OCTOBER 13, 1950, AND THE 45TH REVISION (POOL BASIS) EFFECTIVE NOVEMBER 15, 1950, AS PRESENTED BY THE STANDARD OIL COMPANY OF CALIFORNIA ON DECEMBER 8 AND DECEMBER 14, 1950, RESPECTIVELY, PURSUANT TO AGREEMENT FOR EASEMENT NO. 415.

9. (PROPOSED GAS LEASE, TIDE AND SUBMERGED LANDS AND BEDS OF NAVIGABLE RIVERS, SACRAMENTO AND SAN JOAQUIN COUNTIES - W.O. 478) The Commission was informed that on November 21, 1949 the Commission authorized the publication of a notice of intention for a lease for the production of gas only from State lands contained within a specifically described tract lying in Sacramento and San Joaquin Counties in the vicinity of the City of Isleton based upon the extension of the Rio Vista Field by the completion of Well Isleton Community 1 and the potential additional extension by Well Gardner No. 5 then in the process of drilling. Subsequent developments in the area resulted in a considerable number of outlying non-productive wells. However, current results over a greater area than authorized heretofore as the exterior limits for a proposed State gas lease have established five wells potentially capable of draining gas from State land.

Mr. Charles Ward appeared before the Commission on behalf of Brazos Oil and Gas Company, one of the prospective bidders and gave his approval of the proposed action except that his company would prefer the area be advertised for in two parcels, one for the Georgiana Slough properties, the other for those adjoining the Sacramento River.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED AUTHORIZING THE AMENDMENT OF THE AUTHORIZATION OF NOVEMBER 21, 1949 (MINUTE PAGE 1030, ITEM 42) TO PERMIT THE EXECUTIVE OFFICER TO PUBLISH A NOTICE OF INTENTION PURSUANT TO THE PROVISIONS OF THE PUBLIC RESOURCES CODE FOR A LEASE FOR THE PRODUCTION OF GAS ONLY FROM ALL OF THE STATE LAND CONTAINED WITHIN THE FOLLOWING DESCRIBED TRACT LYING IN SACRAMENTO AND SAN JOAQUIN COUNTIES IN LIEU OF THE TRACT DESCRIBED IN THE AFORESAID AUTHORIZATION OF NOVEMBER 21, 1949. THE AREA PROPOSED FOR LEASE AUTHORIZATION IS DESCRIBED AS FOLLOWS:

BEGINNING AT A POINT DESIGNATED AS PIER 8, U.S.E.D., LOCATED ON THE NORTHEASTERLY BOUNDARY LINE OF STATE EASEMENT NO. 415, THENCE NORTHEASTERLY A DISTANCE OF APPROXIMATELY 14,300 FEET TO THE POINT OF INTERSECTION WITH THE SOUTHWEST CORNER OF THE AREA DESCRIBED ABOVE, THENCE NORTHERLY A DISTANCE OF APPROXIMATELY 10,800 FEET TO THE NORTHWEST CORNER OF SECTION 6, T. 4 N., R. 4 E., M.D.B. & M., THENCE EASTERLY A DISTANCE OF APPROXIMATELY 18,300 FEET TO THE NORTHEAST CORNER OF SECTION 3, T. 4 N., R. 4 E., M.D.B. & M., THENCE SOUTHERLY A DISTANCE OF APPROXIMATELY 33,625 FEET TO A POINT, THENCE WESTERLY
