Government Code Section 126."

20. (EXPERIMENTAL SUBMARINE SEISMIC WORK - UNION OIL COMPANY - W.O. 1049) A request has been received from the Union Oil Company of California for permission to conduct tests on tide and submerged lands to determine the depth that it will be necessary to jet charges of explosives below the bottom of the ocean without injury to fish. These tests are proposed to be conducted to establish control data for use in future submarine geophysical exploration work, and will become available as a public record in the Division of Fish and Game.

A permit for the use of explosives in the proposed submarine seismic work has been issued by the State Fish and Game Commission on the express understanding that the experiments do not constitute a seismic survey for the purpose of locating oil deposits. The work is to be done in conjunction with the Scripps Institution of Oceanography, University of California and under the inspection of the Division of Fish and Game and is to be conducted without the normal recordation of geophysical exploration data.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED LEAVING ANY OBJECTION TO THE CONDUCT OF THE PROJECT.

21. (CITY OF NATIONAL CITY, APPLICATION TO DREDGE, SAN DIEGO BAY - W.O. 1051 P.R.C. 609) In connection with a pier being constructed by the City of National City entirely within the granted area that city has applied for a permit to dredge the area adjoining the pier, such dredging to extend outside the granted area at the end of the present channel dredged by the Corps of Engineers. Approximately 70,000 cubic yards of the material to be removed is outside the granted area, the disposal area being on low land on the upland within the City. No fee is required.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED AUTHORIZING THE EXECUTIVE OFFICER TO ISSUE TO THE CITY OF NATIONAL CITY A PERMIT TO DREDGE AN AREA OF TIDE AND SUBMERGED LANDS IN SAN DIEGO BAY ADJACENT

TO THE LANDS GRANTED TO THAT CITY AND THE DIER NOW BEING CONSTRUCTED AT NO CHARGE IN THAT THE DREDGING IS IN THE PUBLIC INTEREST.

22. (GRAZING LEASE APPLICATION NO. P.R.C. 1211, FRESNO COUNTY-AGNES H. HALBERSTADT, SAC. W.O. 5320) Application has been received from Mrs. Halberstadt of Laton, California, for a grazing lease for a term of ten years on the  $W\frac{1}{2}$  of  $SW\frac{1}{4}$ ,  $NE\frac{1}{4}$  and  $E\frac{1}{2}$  of  $SE\frac{1}{4}$  of Section 36, T. 19 S., R. 12 E., M.D.M., containing 320 acres in Fresno County. The land has been advertised for lease and no other applications have been received. The applicant has offered twenty-one cents per acre per year which is the minimum of five per cent of the appraised value of the land, and is the minimum rental acceptable to the Commission.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED AUTHORIZING THE EXECUTIVE OFFICER TO ISSUE A FIVE YEAR GRAZING LEASE TO MRS. AGNES H. HALBERSTADT FOR 320 ACRES OF SCHOOL LANDS IN THE  $W\frac{1}{2}$  OF  $SW\frac{1}{4}$ ,  $NE\frac{1}{4}$  AND  $E\frac{1}{2}$  OF  $SE\frac{1}{4}$  IN SECTION 36, T. 19 S., R. 12 E., M.D.M., IN FRESNO COUNTY AT AN ANNUAL RENTAL OF TWENTY-ONE CENTS PER ACRE AND THAT THE APPLICANT BE REQUIRED TO PAY THE FIRST AND LAST YEARS' RENTAL AT THE TIME OF EXECUTION OF THE LEASE.

23. (LEGISLATION - W.O. 540) A digest of the progress of bills which were authorized to be introduced in the Legislature was submitted to the Commission.

The digest showed that Senate Bill 1695 had been tabled. This was requested after a discussion with the Legislative Counsel brought out that further study was essential. The bill was to remove a duplication of the same provision in the Public Resources Code. No procedural effect on the State Lands Commission operation will occur pending reintroduction of the bill next session.

With respect to Senate Bill 1720 regarding telephone companies' use of State land company representatives wanted to amend the bill to the end that no legislative declaration would result which would affect their position of a grant in perpetuity. Upon the suggestions from Mr. Dean and Mr. Kuchel, the amendments were discussed with Assistant Attorney General Walter Bowers. He advised that passage of the amended bill would confirm the telephone companies' position of a grant in perpetuity. The position of the staff after discussion with the Attorney General is that the only way to settle the grant in perpetuity problem is through a court case. It would, therefore, not be advantageous to get the amended bill enacted. The problem may be clarified by another bill in the legislature which may overcome the Supreme Court ruling in the Los Angeles County case that it cannot collect 2% of gross telephone revenue under a franchise for use of rights of way over county streets.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, A RESOLUTION WAS ADOPTED APPROVING THE STAFF'S ACTION IN HAVING SENATE BILL 1695 TABLED AND AUTHORIZING TABLING OF SENATE BILL 1720.

There being no further business to come before the Commission, the meeting was adjourned.
