

Lease Extension and Renewal P.R.C. 429 provides that the lease may be modified or amended upon the mutual consent in writing of the parties thereto.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The Executive Officer is authorized to approve an amendment to Oil and Gas Lease Extension and Renewal P.R.C. 429, issued April 21, 1951, to provide that the term of the subject lease shall be for 10 years from and after April 21, 1951, and for so long thereafter as gas or oil is produced in paying quantities from the leased lands.

13. (REQUEST FOR AUTHORITY TO EXECUTE CERTIFICATE TO ACCOMPANY GOVERNOR'S GRANT DEED COVERING STATE LANDS OFFERED TO THE FEDERAL GOVERNMENT IN EXCHANGE FOR FEDERAL GOVERNMENT LANDS - INYO-KERN EXCHANGE - SACRAMENTO SERIAL 043640 - LOS ANGELES 089092.) On October 19, 1950, the State filed an exchange application under the Taylor Grazing Act to select 38,421.84 acres of public land in Inyo County in exchange for 28,184.11 acres of surveyed School lands, title to which is in the State of California, together with unsurveyed lands estimated by protraction to contain 10,240 acres, title to which has not passed to the State but for which the State is entitled to an equal area of Government land.

On June 5, 1952, the Bureau of Land Management advised that the selected lands are available for exchange and that the values of the selected and offered lands are approximately equal for the purpose of the exchange; that there are no outstanding contests or protests of record; that the requirements pertaining to the application have been met and publication of the exchange was therefore authorized pursuant to Departmental Order 2583 of August 16, 1950 (15 F.R. 5646).

In accordance with instructions from the Bureau of Land Management, the notice of the exchange application describing both the Government lands and the State lands was published for the required period in the newspapers designated by the Bureau of Land Management.

Before the Government lands selected by the State will be patented to the State, it is necessary for the State to convey to the Federal Government, by grant deed, the 28,184.11 acres of surveyed School lands withdrawn for use of the Department of the Navy as a Navy test range by Executive Order 9337 of April 24, 1943, and Public Land Order 673, dated October 3, 1950, offered in exchange.

Section 6444 of the Public Resources Code provides, "Whenever in the judgment of the Commission it is to the advantage of the State to exchange any of its public lands, as provided in Sections 6441, 6442 and 6443, the Commission shall so certify to the Governor, who shall thereupon execute, on behalf of the State, any instruments of conveyance necessary to effect the exchange".

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The State Lands Commission hereby certifies that it is to the advantage of the State to exchange all of Sections 16 and 36,
