18. (AUTHORITY TO ENTER INTO CONTRACTS WITH THE ATTORNEY GENERAL FOR LEGAL SERVICES - W.O. 721 AND GENERAL DATA.)

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The Executive Officer is authorized to execute contracts with the Attorney General for services to be rendered as follows:

For defense of the State's interest in its tide and submerged lands	\$20,000.00
For defense of quiet title actions in accordance with Law	5,000.00

such contracts to provide for services for the 1953-54 Fiscal Year. The afore-mentioned contracts shall be encumbrances against Appropriation Items 143, Defense of the State's Interest in its Tide and Submerged Lands, and 142, Support - Division of State Lands, Chapter 971/53, respectively.

By letter dated June 15, 1953, the Chief Administrative Officer of the Department of Justice advised that his estimate of the costs of services to be rendered the State Lands Commission for the defense of the State's interest in its tide and submerged lands and defense of the State in quiet title actions was \$20,000 and \$5,000 respectively. He requested that contracts for such services be issued to the Department of Justice in the afore-mentioned amounts.

Although the passage of the "Submerged Lands Act" (HR 4198) has restored to California its marginal sea included within the original State boundaries, there still remains a considerable amount of work to be done with respect to this matter. The action begun by the United States which resulted in the Supreme Court decision of June 23, 1947 has not as yet been closed, nor has the State as yet recovered its royalties impounded with the United States Government. Furthermore, there is a definite possibility that California may become involved in litigation testing the constitutionality of the Submerged Lands Act. For the above reasons, it would appear advisable to grant the Attorney General a contract for services for the defense of tide and submerged lands in the amount of his estimate.

The amount requested by the Attorney General for defense of quiet title actions appears to be in keeping with previous requests and expenditures.
