

11. (SALE OF VACANT FEDERAL LAND, OBTAINED THROUGH USE OF BASE, SCRIP APPLICATION NO. 10535, LOS ANGELES LAND DISTRICT, SAN BERNARDINO COUNTY, NORMAN M. TWISSELMANN - S.W.O. 5466.) An offer has been received from Norman M. Twisselmann of Bakersfield, California, to purchase the N $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 15, and E $\frac{1}{2}$ of SE $\frac{1}{4}$ of Section 18, T. 13 N., R. 9 E., and E $\frac{1}{2}$ of Section 31, T. 14 N., R. 9 E., S.B.M., containing 480 acres in San Bernardino County. This land may be obtained by the State from the Federal Government through use of base. The minimum price for scrip for this type of land has been set heretofore at \$5 per acre. Mr. Twisselmann made an offer of \$2400, or \$5 per acre.

The Assessor of San Bernardino County has assessed other land in the vicinity at \$2 per acre, thus indicating its appraised value to be \$4 per acre.

An inspection and appraisal by a member of the Commission's Staff on April 17, 1953, sets the minimum value at \$5 per acre. The land is of about the same character as contiguous land, lies at an elevation of 1000 feet, is sandy, flat and rocky in some portions. The soil is of first and second quality and supports sagebrush, chaparral, greasewood and sparse desert growth. It is poor grazing land, supports no streams, and agriculture would be possible only if water is obtainable. Land in Section 31 is accessible by an existing road.

The State's application to select the land has been accepted by the Bureau of Land Management, subject to future approval and listing.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The sale is authorized of the N $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 15, and E $\frac{1}{2}$ of SE $\frac{1}{4}$ of Section 18, T. 13 N., R. 9 E., and E $\frac{1}{2}$ of Section 31, T. 14 N., R. 9 E., S.B.M., containing 480 acres in San Bernardino County, to Norman M. Twisselmann at the appraised cash price of \$2400, subject to all statutory reservations including minerals, upon the listing (conveyance) of said land to the State by the Federal Government.

12. (SALE OF VACANT FEDERAL LAND, OBTAINED THROUGH USE OF BASE, SCRIP APPLICATION NO. 10481, LOS ANGELES LAND DISTRICT, RIVERSIDE COUNTY, JOHN H. GEIER - S.W.O. 5264.) An offer has been received from John H. Geier of Arcadia, California, to purchase the W $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 1, E $\frac{1}{2}$ of SE $\frac{1}{4}$ and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 2, and NE $\frac{1}{4}$ of Section 15, T. 7 S., R. 21 E., S.B.M., containing 360 acres in Riverside County. This land may be obtained by the State from the Federal Government through use of base. The minimum price for scrip for this type of land has been set heretofore at \$5 per acre. Mr. Geier made an offer of \$1800, or \$5 per acre.

The Assessor of Riverside County has assessed contiguous land at \$1.50 per acre, thus indicating its appraised value to be approximately \$3 per acre.

An inspection and appraisal by a member of the Commission's Staff on December 15, 1950, sets the minimum value at \$5 per acre. The land is similar to contiguous land and lies on the second mesa above Palo Verde Valley, approximately 12 miles west of Blythe. It is flat and sandy and the soil is of first quality, sparsely covered with desert growth. Water of poor quality is available from deep wells.

Owners of land in the vicinity have applied for inclusion in the Palo Verde Irrigation District, cost of pumps and pipe lines to be paid for by the land owners if inclusion in the district is approved. The land supports no streams, is not suitable for agriculture without artificial irrigation, and is not accessible by an existing road.

The State's application to select the land has been accepted by the Bureau of Land Management, subject to future approval and listing.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The sale is authorized of the W $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 1, E $\frac{1}{2}$ of SE $\frac{1}{4}$ and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 2, and NE $\frac{1}{4}$ of Section 15, T. 7 S., R. 21 E., S.B.M., containing 360 acres in Riverside County, to John H. Geier at the appraised cash price of \$1800, subject to all statutory reservations including minerals, upon the listing (conveyance) of said land to the State by the Federal Government.

13. (SUBMARINE GEOPHYSICAL EXPLORATION PERMITS, SANTA BARBARA COUNTY, P.R.C. 718.1, P.R.C. 724.1, P.R.C. 817.1, P.R.C. 821.1 - W.O. 1522.) Under date of September 21, 1953, the Board of Supervisors of the County of Santa Barbara submitted a petition to the State Lands Commission for rehearing and reconsideration of submarine geophysical exploration permits issued heretofore to Humble Oil & Refining Company, Richfield Oil Corporation and Western Gulf Oil Company, authorizing seismic exploration activities offshore from Santa Barbara County. At a conference held October 14, 1953, with representatives of the holders of submarine geophysical exploration permits and the County of Santa Barbara, District Attorney Thomas proposed interim operating limitations for submarine geophysical exploration activities offshore from Santa Barbara County as follows:

1. All shooting to be restricted to areas outside of kelp.
2. Shooting to be restricted to the area beyond one mile from the ordinary high-water mark between Gaviota and the Santa Barbara-Ventura County line, with the exception of the area within the projected limits of the City of Santa Barbara.
3. Shooting within the area of the projected limits of the City of Santa Barbara to be restricted to the seaward area more than two miles from shore, these limits to be subject to acceptance and approval by the City of Santa Barbara.
4. Shooting in the balance of the County offshore area to be restricted to one-half mile seaward of the ordinary high-water mark.

Representatives of the Western Gulf Oil Company and the Richfield Oil Corporation (the only permittees currently active in submarine geophysical exploration offshore from Santa Barbara County) indicated acceptance of the interim operating conditions, subject to the following:

1. Recommendation by District Attorney Thomas to the Board of Supervisors for modification of the offshore shooting limit to one-quarter mile in the area from Gaviota, west to Point Conception.
