The Boards of Supervisors of the coastal counties of Santa Barbara to Del Norte, inclusive, and the City Council and Mayor of the City of Santa Barbara have been informed that this application is to be considered. The statutory filing fee has been paid by the applicant."

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

THE EXECUTIVE OFFICER IS AUTHORIZED TO ISSUE PERMITS, CONFORMING TO ALL OPERATING CONDITIONS ESTABLISHED BY THE COMMISSION, TO THE RICHFIELD OIL CORPORATION FOR THE CONDUCT OF SUBMARINE GEOPHYSICAL EXPLORATION OPERATIONS ON THOSE TIDE AND SUBMERGED LANDS UNDER THE JURISDICTION OF THE STATE LANDS COMMISSION LYING OFFSHORE BETWEEN THE SOUTHERLY BOUNDARY OF SANTA BARBARA COUNTY AND THE CALIFORNIA-OREGON BORDER, FOR THE PERIOD JANUARY 1, 1955 TO MARCH 31, 1955, INCLUSIVE. THE PERMITTEE IS TO REIMBURSE THE DIVISION OF STATE LANDS FOR ALL OF ITS INSPECTION COSTS. THE PERMIT IS TO BE EFFECTIVE ONLY AS LONG AS A CONCURRENT PERMIT BY THE FISH AND GAME COMMISSION IS IN EFFECT FOR THE SAME OPERATING AREA.

26. (ACQUISITION BY THE UNITED STATES OF LANDS OCCUPIED BY THE SIERRA ORDNANCE DEPOT, COUNTY OF LASSEN, CALIFORNIA, UNDER THE PROVISIONS OF SECTION 126 GOVERNMENT CODE - W.O. 1868.) The Commission's staff reported as follows:

"On February 9, 1954 the Commission authorized the Executive Officer to order and conduct the requisite hearings pursuant to Section 126 of the Government Code and under rules and regulations adopted by the Commission on June 14, 1949 on applications relating to acquisition of lands by the United States, subject to report to the Commission of the determinations of hearings for final consideration and action.

"On June 25, 1954 an application for acceptance of jurisdiction by the United States over lands comprising the Sierra Ordnance Depot, Herlong, Lassen County, California, was executed by the Honorable Robert T. Stevens, Secretary of the Army.

"Pursuant to said application, arrangements were made to conduct the requisite public hearing at Room No. 30, Courthouse, County of Lassen, Susanville, California, at 10 a.m., Tuesday, September 14, 1954.

"The notice of said public hearing was published in the 'Lassen Advocate', Susanville, California, on August 26, 1954, and service on the clerk of the Board of Supervisors of Lassen County was made on the 24th day of August, 1954. Notices were thus published and served in compliance with Section 2602, California Administrative Code, Title 2.

"The hearing was held by the Executive Officer at Room No. 30, Courthouse, County of Lassen, Tuesday, September 14, 1954, from 10 a.m. to 12 M. and continued thereafter at Room 102 Business and Professions Building, Sacramento, California, at 10 a.m., November 9, 1954. A record of the hearing was made and the transcript was made a part of the Commission record in this case. The Attorney General was represented by Walter S. Rountree, Assistant Attorney General. Appearances were made on behalf of the applicant by Mr. J. Otis Brown, Real Estate Division, South Pacific Division, Corps of Engineers, United States Army; Mr. R. H. Hamblin and Mr. J. O. Mauborgne of the San Francisco District, Corps of Engineers, United States Army; Colonel G. H. Leavitt and Captain William K. Bouldin, Jr., of the Sierra Ordnance Depot.

"Section 126 of the Government Code requires that the State Lands Commission must have found and declared to have occurred and to exist the fulfillment of certain specified conditions. Oral and documentary evidence were presented and received at the hearing in support of the contention of the applicant that these conditions have been met and complied with. Conclusions in regard to their presentation are as follows:

"Evidence was presented at the hearing to the effect that the acquisition was made for the 'erection of forts, magazines, arsenals, dock yards, and other needful buildings within the purview of Clause 17, Section 8, Article 1, of the Constitution of the United States.' According to that evidence, the United States Sierra Ordnance Depot, Lassen County, California, has as its mission the receipt, storage and issue of ammunition within an assigned area; the functional packing of small arms; and the testing of small arms. It has the mission of the distribution of ammunition to individuals, clubs, etc., as authorized by the National Rifle Association; the receipt, storage and issue of guided missiles is an additional responsibility.

"The second condition requires that a finding must be made that 'the acquisition must be pursuant to and in compliance with the laws of the United States'. Acquisition of the property has been had by the United States by condemnation, by purchase, by executive and public land orders, and by leasehold agreements. The property was acquired pursuant to authorization contained in an Act of Congress approved July 2, 1917 (50 U. S. Code 171, 40 Stat. 241) and an Act of Congress approved March 27, 1942 (50 USC Appendix 632,

56 Stat. 176). Supplemental thereto, the acquisition was made under a series of real estate directives issued by the Chief of Engineers, War Department, under authority of an Act of Congress, December 1, 1941. Acquisitions by condemnation were made pursuant to an Act of Congress approved August 18, 1898 (26 Stat. 316).

"By testimony presented and documentary evidence introduced by the applicant, it was established that all statutory requirements have been fully complied with. It was further established by the same means that the United States has title to or holds under leasehold all of the lands covered by the application as filed with the Commission.

"The third condition upon which a finding is required is to the effect that 'The United States must in writing have assented to acceptance of jurisdiction over the lands upon and subject to each and all of the conditions and reservations in this section prescribed'. Under the provisions of an Act of Congress of October 9, 1940, Public Law 825, 'The head or other authorized officer of any department of the government' may accept jurisdiction from the State. A letter from the Secretary of the Army dated June 25, 1954 and signed by him (Robert T. Stevens) and accepting jurisdiction over the subject installation on behalf of the United States was received by the Division of State Lands June 28, 1954. This acceptance is made subject to each and all of the conditions and reservations described in Section 126, Government Code, State of California, and is, therefore, in accordance with law and with the rules of the Commission. The form and substance of this application has been approved by the Office of the Attorney General.

"The fourth requirement is that the Commission must have found and declared that the acquisition is in the interest of the State. Testimony was presented to the effect that the Sierra Ordnance Depot was established under General Order No. 9 (February 5, 1942) as one of a series of ordnance depots, United States Army, and is an integral part of the national defense system. It serves as a distribution center for ammunition for sale to individuals, clubs, etc., as authorized by the National Rifle Association, as part of the marksmanship program. The total population of the installation is approximately 4,500 people, having a gross monthly payroll of approximately \$700,000. A large portion of this monthly income is expended by the depot's population in Susanville and other communities surrounding the base. Testimony was also presented to the effect that since the installation of the depot the City of Susanville has grown some three to four thousand in population. All of these factors indicate that the installation of the depot has resulted in an economic benefit to

the surrounding area and the State in general. It was further established that the installation has its own source of water supply, which is more than adequate to take care of its present and possible future needs. Testimony was presented to the effect that neither the United States nor the State or its agents were exercising adequate law enforcement or processing civil cases as adequately as would result from the clarification of jurisdictional status that would accompany the granting of the application for Federal jurisdiction.

"No appearances were made in opposition to the application.

SUMMARY

"The hearings on this case were held at Susanville, California, on September 14, 1954 and continued thereafter at Sacramento, California, on November 9, 1954, pursuant to Commission authority. The findings of the hearing officer are as follows:

1. The property involves some 33,800 acres, more or less, of land in the County of Lassen. The acquisition comes within the purview of Clause 17, Section 8, Article 1, of the Constitution of the United States, which requires that it be 'for the erection of forts, magazines, arsenals, dock yards, and other needful buildings or other public purposes'.
2. The acquisition was by condemnation, purchase, executive and public land orders, and leasehold agreements, and was made pursuant to the laws of the United States.
3. The United States, through the Secretary of the Army, has assented in writing to acquisition of jurisdiction subject to all the conditions of Section 126 of the Government Code, State of California, as amended by Statutes of 1953, Chapter 1856.
4. Acquisition is in the interest of the State, in view of its value for national defense and of its substantial contributions to the economy of the area and the State.
5. All requirements of Section 126 of the Government Code of the State of California have been complied with by the applicant and by the State Lands Commission and its staff.

"This calendar item has been reviewed and approved by the Office of the Attorney General."
