

"A few days prior to October 15, 1956 (the date of the expiration of the extension granted by the Commission under its resolution of August 15, 1956), the members of the Commission were approached separately on behalf of Mr. McKee with a request for a further extension. Meanwhile nothing had been received by the State Lands Division from the applicant concerning the review of the rough draft of the request to the Attorney General. The members of the State Lands Commission were contacted by telephone by the Executive Officer and were asked for oral approval of a further extension until November 15, 1956. This oral approval was received."

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

"An offer has been received from Glenn H. Oviatt of Omo Ranch, California, to purchase Lots 12, 13, 16 and 17 of Section 4 and Lot 3 of Section 9, T. 8 N., R. 13 E., M.D.M., containing 46.32 acres in El Dorado County. This land may be obtained by the State from the Federal Government through use of base. The applicant made an offer of \$231.60, or \$5 per acre.

"The Assessor of El Dorado County has assessed contiguous land at \$6 per acre.

"An inspection and appraisal by a member of the Commission's staff on June 19, 1956 establishes the value of the subject land at a total price of \$11,927.40. The applicant failed to meet the appraised value within the time allowed and accordingly his application was cancelled. The State, however, proceeded with acquisition of the land from the United States and the land was listed (conveyed) to the State on October 1, 1956.

"The appraisal indicates that said land is not suitable for cultivation without artificial irrigation.

"The selection of the subject land is considered to be to the advantage of the State in that the selection thereof will assist the State in satisfying the loss to the School Land Grant and in addition will place said land on the tax rolls of the county in which it is situated."
