(REQUEST FOR WITHDRAWAL FROM SALE OF VACANT STATE SCHOOL LANDS.)

A recent examination of the records for Section 16 of T. 24 S., R. 38 E., M.D.M., in Inyo County, indicates that there are two easements therein for which no record of a grant has been made by the State. One of these easements appears to be in conflict with a railroad right-of-way permit granted by the Surveyor General in 1909. There is also a question of title to a small portion of this section by reason of the condemnation action by the United States for the Inyokern Naval Ordnance Test Station. Pursuant to Section 6210.4a, Public Resources Code, the area of any right of way granted by the State must be reserved from sale out of the 600 acres of vacant State school lands which now appear upon the records.

IT IS RECOMMENDED THAT, IN VIEW OF THE CONFLICTS OF RECORD BETWEEN THE ACTUAL USE OF THE LAND AND MATTERS OF RECORD WITH THE DIVISION, THE 600 ACRES OF VACANT STATE SCHOOL LANDS IN SECTION 16, T. 24 S., R. 38 E., M.D.M., BE WITHDRAWN FROM SALE UNTIL SUCH TIME AS TITLE THERETO HAS BEEN CLARIFIED, WHEREUPON THE SALABLE AREA SHALL BE RESTORED TO THE VACANT LAND LIST FOR PUBLIC SALE.
