REQUEST FOR DEFERMENT OF DRILLING AND OPERATING REQUIREMENTS, P.R.C. 1551.1, SIGNAL OIL AND GAS COMPANY, HUNTINGTON BEACH, ORANGE COUNTY - W.O. 3218.

Oil and Gas Lease P.R.C. 1551.1 was issued to Richfield Oil Corporation, Hancock Oil Company, and Signal Oil and Gas Company on August 16, 1955, pursuant to competitive public bidding.

On July 25, 1958 (Minute Item 12, page 4160), the Commission authorized a deferment of drilling and operating requirements under State Oil and Gas Lease P.R.C. 1551.1 to June 1, 1959. The lessees have drilled two wells into the lessed area, neither of which has been productive of oil or gas. The second well was abandoned in April 1956. During the course of drilling operations, electric logs, dipmeter surveys, sidewall samples and cores were taken, and core analyses were made. These operations were conducted at a cost of approximately \$208,000.

An application has been received from Signal Oil and Gas Company, operator, requesting a further extension of the deferment of drilling and operating requirements to Junuary 1, 1960. The lessees have been studying the data available in order to justify further exploration work on the subject lease. Such studies are being continued.
