CONSIDERATION OF SUBSIDENCE COSTS PROJECT, LONG BEACH - L.B.W.O. 10,092.

As reported to the Commission July 24, 1956 (Minute Item 1, pages 2750-51), Opinion No. 56/145 of June 29, 1956 by the Attorney General indicates that prior approval of the State Lands Commission is required for costs to be expended by the City of Long Beach to remedy and protect against the effects of subsidence of the land surface within the boundaries of the Long Beach Harbor District and within the boundaries of the Long Beach Tidelands situated outside of said Harbor District. The office of the Attorney General has also advised that the Commission may make a conditional prior approval of projects involving subsidence cost expenditures, subject to final approval of allowances after work has been completed, and an engineering review and audit have been made, thus qualifying the ultimate audited expenditures for credit in accordance with Chapter 29 of the Statutes of 1956, 1st E.S.

In the month of September 1957 and during each subsequent monthly meeting in the 1957-58 Fiscal Year the Commission approved costs on a monthly basis for expenditures by the City of Long Beach for Property Purchase, Areal Fill, Building Removal and Demolition, Utility Work, East Approach to the Pontoon Bridge, Oil Facility Relocation and Raising and Force Account in the Town Lot area project with provisions that no estimate shall presently be made of the amount of subsidence deduction, and that no deductions be made by the City of Long Beach until Commission approval has been had. The above actions were made on a monthly basis rather than the 1957-58 Fiscal Year basis since the Town Lot project was not processed sufficiently to be proposed in its entirety and had not been reviewed in all its aspects by the staff.

Information necessary for staff review had been requested from the Long Beach Harbor Department on June 3, 1957 and was received from them in preliminary report form on May 6, 1958.

On June 11, 1958 (Minute Item 22, pages 4120-4125, L.B.W.O. 10,071), the Commission, after imposing the conditions outlined above, approved the costs proposed to be expended by the City of Long Beach on the Town Lot project during the 1958-59 Fiscal Year.

At the meeting of the Commission on March 25, 1959, the Chairman of the Commission directed that the opinion of the Attorney General be requested as to the establishment of the principles for cost deductions by the City of Long Beach and for State participation in any enhanced values of properties acquired by the City with the aid of subsidence deductions.

Pending receipt of the opinion of the Attorney General it is thought desirable that the present status of conditional approval continue.

IT IS RECOMMENDED THAT THE COMMISSION CONDITIONALLY APPROVE THE TOWN LOT AREA PROJECT AS A SUBSIDENCE PROJECT AND THE COSTS PROPOSED TO BE EXPENDED THEREUNDER FOR ITEMS OF WORK FOR THE 1959-60 FISCAL YEAR, AS SHOWN ON EXHIBIT "A"
