8. UNITIZATION PROGRAM, WILMINGTON OIL FIELD, LONG BEACH - W.O. 2323.7.

Following presentation of Calendar Items 8, 17 and 18 (see Minute Items 5, 6 and 7 on pages 5363, 5366 and 5369), Mr. H. E. Ridings, Jr., President of the Long Beach Board of Harbor Commissioners, stated that there will be a tremendously large number of documents to be processed such as those just approved, as the unitization program draws to a close. He asked that as many of the State's personnel as possible be permitted to work on these documents to avoid possible delay.
