25.

REQUEST FOR TRANSFER OF JURISDICTION OVER TIDE AND SUBMERGED LANDS OF THE PACIFIC OCEAN ADJACENT TO POINT LOBOS STATE PARK, MONTEREY COUNTY - DEPARTMENT OF NATURAL RESOURCES, DIVISION OF BEACHES AND PARKS - W.O. 5510.

A request has been received from the Department of Natural Resources, Division of Beaches and Parks, for the transfer of control and possession of approximately 775 acres of sovereign tide and submerged lands of the Pacific Ocean adjacent to the Point Lobos Reserve State Park in Monterey County for the purpose of adequate protection and preservation of marine life in that area.

The shore line of the park adjacent to the 775-acre parcel of tide and submerged lands is very irregular, rocky and precipitous, and is not safely usable as either a swimming or boating site.

The transfer of control and possession of the tide and submerged lands, pursuant to Section 13110 of the Government Code, would provide for the reversion of jurisdiction to the State Lands Commission upon any abandonment of the adjoining upland property by the Department of Natural Resources. The Commission would also retain control and possession of any minerals contained in the tide and submerged lands.

IT IS RECOMMENDED THAT, PURSUANT TO SECTION 13110 OF THE GOVERNMENT CODE, THE EXECUTIVE OFFICER BE AUTHORIZED TO REQUEST THE WRITTEN APPROVAL OF THE DIRECTOR OF FINANCE AND SUBSEQUENTLY EXECUTE AN AGREEMENT TRANSFERRING TO THE DEPARTMENT OF NATURAL RESOURCES, DIVISION OF BEACHES AND PARKS, CONTROL AND POSSESSION OVER THE FOLLOWING-DESCRIBED AREA:
