PROPOSED PURCHASE OF FEDERAL LAND, TRINITY COUNTY; COUNTY OF TRINITY - S.W.O. 6059.

On March 14, 1955, the County of Trinity, California, made application to purchase Lots 61 and 81 of Section 18, T. 33 N., R. 9 W., M.D.M., containing 31.21 acres in Trinity County, under the State exchange procedure, as authorized by Section 8552 of the Public Resources Code and by Section 8 of the Taylor Grazing Act as amended. The applicant submitted an expense deposit of \$105.

Negotiations with the United States Bureau of Land Management representatives have led to an agreement on values as follows:

<u>Selected Federal Land</u>	<u>Agreed Value</u>
Lots 61 and 81 of Section 18, T. 33 N., R. 9 W., M.D.M. (31.21 acres)	\$17,000
 <u>Offered State Land</u>	
Parcel 1: $W\frac{1}{2}$ of $SE\frac{1}{4}$ of $SW\frac{1}{4}$ of Section 36, T. 36 N., R. 10 W., M.D.M. (20 acres)	\$ 4,435
Parcel 2: Lot 14 of Section 36, T. 2 S., R. 6 E., E.M. (25.23 acres)	<u>\$12,550</u>
Total	<u>\$16,985</u>

Valuations of the selected federal land and of the State-offered land under the exchange are approximately equal.

On June 12, 1962, the Bureau of Land Management advised (1) that the selected land is available for exchange and that the values of the selected and offered lands are approximately equal for the purpose of exchange; (2) that there are no outstanding contests or protests of record; (3) that the requirements pertaining to the application have been met; and (4) that publication of the exchange is authorized.

In accordance with instructions from the Bureau of Land Management, the notice of the exchange application, describing both the government lands and the State lands, was published.

It is now necessary for the State to relinquish to the United States, by an appropriate instrument of conveyance, all right, title and interest of the State in and to the 45.23 acres of State land offered in exchange.

The exchange of the subject land is considered to be to the advantage of the State in that it will assist in satisfying a deficiency in the School Land Grant. Because of its location, the selected federal land is considered to be more valuable to the State for the purpose of resale than the isolated State-offered lands.
