EXCHANGE APPLICATION NO. 65, DELBERT J. SARGENT, IMPERIAL COUNTY, S.W.O. 5729.

At the meeting of November 6, 1963, in Los Angeles, an item was considered which involved an exchange application filed with the United States Bureau of Land Management for the benefit of Delbert J. Sargent. The County of Imperial had requested the Commission to cancel Mr. Sargent's exchange application for the reason that the County wished to acquire directly from the United States fee title to the land involved and other lands for the purpose of developing for public purposes the Hot Mineral Spa area in Imperial County.

The Commission, after receiving the views presented by both Mr. Sargent and representatives of the County, requested Mr. Sargent and County representatives to undertake negotiations looking toward the continuation of Mr. Sargent's tropical fish hatchery operations through a mutually satisfactory lease arrangement.

As of the time of preparation of this calendar item, the Division has been advised that negotiations between the parties have been undertaken and are continuing. Both Mr. Sargent and the County have been informed of the Commission meeting date, and it is expected that appearances will be made at the meeting to advise, in detail, as to the progress made.
