18.

APPROVAL OF BOUNDARY AGREEMENT, BETWEEN THE STATE OF CALIFORNIA AND WILLIS A. LAINE, ALONG THE BANK OF STEAMBOAT SLOUGH, VICINITY OF ALVISO, SANTA CLARA COUNTY - W.O. 4667.

Steamboat Slough is a tidal, navigable waterway which drained into Alviso Slough in the vicinity of the Town of Alviso; its natural condition was destroyed many years ago when levees were built along both sides. The Slough was originally sold within Swamp and Overflow Survey No. 40.

The County of Santa Clara proposes to use Steamboat Slough as part of a marina. It is necessary to establish permanent boundaries along the State-owned waterway before the State Lands Commission can issue a permit to Santa Clara County for construction of the marina.

Amended Record of Survey Map prepared in May 1963 by George S. Nolte, Consulting Civil Engineers, Inc., and filed on Page 19, Book 163 of Maps, Records of Santa Clara County, shows a line which is agreeable to all parties as a permanent boundary. It is proposed to enter into an agreement with Willis A. Laine to fix the common property boundary along a portion of Steamboat Slough as it is shown on said Record of Survey Map (Exhibit "B").

The office of the Attorney General previously approved boundary agreements in the subject form; Staff Counsel has determined that the agreement is legally sufficient.

IT IS RECOMMENDED THAT THE EXECUTIVE OFFICER BE AUTHORIZED TO EXECUTE AN AGREEMENT WITH WILLIS A. LAINE FIXING THE ORDINARY LOW WATER MARK ALONG STEAMBOAT SLOUGH, A TIDAL WATERWAY IN THE VICINITY OF ALVISO, SANTA CLARA COUNTY, AS DESCRIBED IN THE BOUNDARY AGREEMENT, W.O. 4667, ATTACHED AS EXHIBIT "A" AND HEREBY MADE A PART HEREOF, AS THE PERMANENT BOUNDARY BETWEEN STATE SUBMERGED LAND AND SUBJECT PRIVATE LANDS ALONG THIS TIDAL WATERWAY.
