An application has been received from the Pittsburgh Plate Glass Company for a mineral extraction lease on portions of Sections 27, 28, 33, and 34, T. 17 S., R. 37 E., and portions of Sections 3 and 4, T. 18 S., R. 37 E., M.D.B.& M., Inyo County. The total area applied for is 3,531.20 acres more or less. Minerals will be extracted from brine produced from shallow wells drilled into the bed of the lake. The land areas applied for are adjacent to and in some instances surrounded by lands already under lease to the applicant.

The Division of Beaches and Parks of the Department of Parks and Recreation has reported that the issuance of a lease would have no effect upon any program or project of that Department, and that there are no known recreational activities on these lands or on land littoral which would be adversely affected by the lease. The Department of Fish and Game has reported that the operation will not interfere with any use of the area which comes within its jurisdiction. The Office of the Attorney General has advised that the application complies with applicable provisions of the statutes and the Rules and Regulations of the State Lands Commission.

The lands are recession lands, and may be leased pursuant to Section 6991 of the Public Resources Code. The form of lease has been approved by the Office of the Attorney General.

The statutory filing fee and the required expense deposit have been submitted.
