PROPOSED MODIFICATION OF EFFECTIVE DATES - AUGMENTATION OF AGREEMENT, OIL AND GAS OPERATIONS, TIDE AND SUBMERGED LANDS, WILMINGTON OIL FIELD, LOS ANGELES COUNTY; DEGOLYER AND MACNAUGHTON - W.O. 5200.203.1.

At the May 26, 1966, meeting, the State Lands Commission authorized the Executive Officer to execute an augmentation of the current agreement with DeGolyer and MacNaughton in the amount of \$18,000 to provide added services related to electronic data applications required to analyze the State's interests through June 30, 1966 in connection with the oil and gas operations in the Long Beach tidelands. The purpose of this item is to amend the date for this work's completion to September 30, 1966. Since the interpretive services to be obtained from DeGolyer and MacNaughton will depend upon the timing of the Long Beach unit program, it was deemed advisable to extend the time so as to allow the consultants sufficient time to complete this portion of the work concurrently with the program needs.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER TO EXECUTE AN AMENDMENT OF THE CURRENT AUGMENTATION AGREEMENT IN THE AMOUNT OF \$18,000 WITH THE FIRM OF DEGOLYER AND MACNAUGHTON TO PROVIDE THE ADDED SERVICES RELATED TO ELECTRONIC DATA APPLICATIONS THROUGH SEPTEMBER 30, 1966.
