Calendar Item 28 (1 page)

28.

APPLICATION FOR PERMIT TO CONDUCT TEST BORINGS IN SAN FRANCISCO BAY;
DIVISION OF BAY TOLL CROSSINGS - W.O. 6184.

The Division of Bay Toll Crossings of the State Department of Public Works has requested permission to occupy a portion of State land located in San Francisco Bay in the vicinity of Shay Rocks (see Exhibit "A"), for the purpose of conducting a preliminary geologic reconnaissance program as a part of a feasibility study of a vehicular crossing between San Francisco and Marin Counties.

It is estimated that approximately 25 borings will be made, with three or four at each location (shown on the exhibit). The borings will be two inches in diameter and eight feet in depth. The project duration will be approximately two weeks.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER TO ISSUE TO THE DIVISION OF BAY TOLL CROSSINGS A PERMIT TO CONDUCT TEST BORINGS ON UNGRANTED LANDS OF SAN FRANCISCO BAY IN CONNECTION WITH A FEASIBILITY STUDY OF A VEHICULAR CROSSING BETWEEN SAN FRANCISCO AND MARIN COUNTIES.
