APPLICATION FOR COMMERCIAL MINOR-STRUCTURE PERMITS, TIDE AND SUBMERGED LANDS IN CACHE, LINDSEY, HAAS, AND STEAMBOAT SLOUGHS, SOLANO COUNTY; MOKELUMNE RIVER, SAN JOAQUIN COUNTY; AND SACRAMENTO RIVER, SACRAMENTO COUNTY; HOLLY SUGAR CORPORATION - W.O. 5367.

Lease P.R.C. 484.1, covering State-owned land at 13 sites in Solano, Sacramento, San Joaquin, and Contra Costa Counties, was issued to Holly Sugar Corporation for a term of 15 years from November 21, 1949, with lessee's right to renew for an additional period of ten years. The sites were used for beet-loading stations, and at each location only a small portion of the structure is situated on State land.

The Holly Sugar Corporation does not desire to exercise its option to renew the lease, and instead requests a commercial minor-structure permit for seven of the sites as listed below (and as shown on Exhibits A-D incl.). Permits for three sites will expire December 31, 1966, and the structures are being removed. The other four permits will run for five years. The fee for each will be \$100.
