2.

APPLICATION FOR OVERHEAD POWER TRANSMISSION LINE EASEMENT OVER UNGRANTED SOVEREIGN LANDS OF MAD RIVER SLOUGH, HUMBOLDT COUNTY; PACIFIC GAS AND ELECTRIC COMPANY - W.O. 4788.

Pacific Gas and Electric Company has applied for an overhead transmission tower line easement over a 1.17-acre parcel of ungranted tide and submerged land in Mad River Slough three miles west of Arcata, Humboldt County (see Exhibits "A" and "B"). The line will supply electricity for two pulp mills, a plywood mill, a coast-guard station, and the towns of Manila and Samoa.

An inspection of the site by a staff member on November 15, 1965, showed that installation of the line had been completed.

A staff appraisal indicates an annual rental of \$77.45 during an initial 15-year lease period, with the first and last years' rentals payable in advance. The lease will provide for three 10-year renewal options on such terms and conditions as the Commission might impose at the time of each renewal.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER TO ISSUE TO PACIFIC GAS AND ELECTRIC COMPANY A 15-YEAR EASEMENT, WITH PROVISION FOR THREE 10-YEAR RENEWAL OPTIONS UPON SUCH TERMS AND CONDITIONS AS THE COMMISSION MIGHT IMPOSE AT THE TIME OF EACH RENEWAL, AT AN ANNUAL RENTAL OF \$77.45, FOR THE OPERATION AND MAINTENANCE OF A POWER TRANSMISSION LINE OVER THE FOLLOWING-DESCRIBED LANDS:
