12/14/66

19. PROPOSED OIL AND GAS LEASES, TIDE AND SUBMERGED LAND; CONTRA COSTA AND SOLANO COUNTIES - W.O. 6220 (Parcel D); AND SOLANO COUNTY - W.C. 6345 (PARCEL E).

At the request of the Executive Officer, made upon recommendation of counsel, action was deferred on two proposed oil and gas lease offers on tide and submerged lands, one covering lands in Contra Costa and Solano counties (Parcel D), and the other covering lands in Solano County (Parcel E). The deferral is to allow a further review for determining that the technically correct legal descriptions are included within the offers.
