On July 17, 1964, the City of Morro Bay was incorporated so as to include the area of the granted tide-lands. The purpose of the present action is to determine whether or not the City of Morro Bay acquired title to these tide and submerged lands as successor to the County and whether the City must take immediate title to such lands or may postpone taking title to some future date.)

The final Judgment Agreement was approved by the Commission at the July meeting.

The main issues in this litigation are the constitutionality of Chapter 1520, Statutes of 1967, and the legal propriety of certain agreements entered into pursuant to that statute. This concerns a nuclear desalting and electrical plant that may involve capital expenditures of over \$750 million, as well as important questions as to the Legislature's authority over tide and submerged lands.)

No change; i.e., Oral argument originally set for July 26, 1968, will be reset for October 15, 1968.
