

33. LEGISLATION - W.O. 7069.2.

A.B. 1108 - The Commission discussed Assembly Bill 1108, which is currently pending in the Senate Natural Resources Committee, relating to problems of adverse possession and artificial accretion. It was the consensus of the Commission that these are policy matters for determination by the Legislature. The Division was instructed to report to the Committee as to the effects of the bill as proposed to be amended.
