W-503.510

Miller vs. City of Santa Monica, et al.
Los Angeles County Superior Court

(An action by private upland owners involving title to tidelands that have artificially accreted. Both the State Lands Commission and the Division of Beaches and Parks have interests to protect.)

No change; i.e., The City and the State have not filed any Demurrer or Answer as yet. However, the City and the State have entered into a Stipulation with the Plaintiffs in lieu of a preliminary injunction. The Stipulation restrains the Plaintiffs from building in the disputed area, and restrains the City and the State from removing any improvements thereon.

2. Case No. 5 Original in the United States Supreme Court
United States vs. State of California

W-4721

(Relating to the location of the offshore boundaries between lands under the paramount jurisdiction of the United States and lands owned by the State, for such purposes as minerals. A Supplemental Decree was entered in this case, settling the principal controversies between the State and the United States, but reserving jurisdiction in the United States Supreme Court to settle any remaining controversies.)

No change; i.e., The State Lands Division is in correspondence with the Federal Government concerning the status of certain offshore rocks in the vicinity of Carpinteria as low-tide elevations. If these rocks are low-tide elevations, they will constitute base points for determining the seaward limits of State ownership and could substantially enlarge the extent of State ownership in this particular area.

W-503.562

Atlantic Oil Company, et al. vs. County of Los Angeles,
et al. and Humble Oil and Refining Company, et al. vs.
City of Los Angeles
Supreme Court of the State of California

(An action by various oil companies to recover ad valorem taxes. It is anticipated that this case may constitute a significant precedent which could affect State revenues from the Long Beach tidelands in excess of \$100 million.)

No change; i.e., The parties to the pending ad valorem tax litigation are in the process of amending their pleadings and taking the procedural steps necessary to an early activation of this litigation.

9. Civil Case No. 144257 W-6987
State of California vs. County of San Mateo, et al. W-1839.28

- (A declaratory relief action to determine what interests were conveyed in trust to the County of San Mateo by Chapter 1857, Statutes of 1965.)
- No change; i.e., The Superior Court granted the Motion of the Sierra Club and the Save San Francisco Bay Association to intervene as party, subject to their limiting the issues to those raised in the State's original Complaint. Further developments await completion of factual study.

City of Long Beach vs. Matthews, et al.

Orange County Superior Court (transferred from Los Angeles County Superior Court)

In the Matthews case; The matter is set for trial in January 1971, and the State has answered the Interrogatories of Defendants Matthews. Defendants' Motion to Compel Further Answers was continued until September 11, 1970, to enable the State to see if it can more specifically answer.

13. Case No. 838005 W-503.641
Union Pacific Railroad Company, et al. vs. City of Long Beach
Los Angeles County Superior Court.

(Suit attacking the City of Long Beach business license tax for oil production. That portion of the ordinance providing for revenues from unitized tideland operations was declared unconstitutional.)

No change; i.e., On appeal. (The outcome of this litigation could affect State revenues by many millions of dollars, and it probably will be necessary for the Attorney General, on behalf of the State Lands Commission, to appear as Amicus Curiae in this case.)
