PERMIT TO DREDGE TIDE AND SUBMERGED LANDS

APPLICANT: Sausalito Yacht Harbor (a California corporation).

DREDGE LOCATION: Within Sausalito Yacht Harbor, on Sausalito waterfront.

OWNERSHIP: Partly tidelands granted to the City of Sausalito with minerals reserved to the State (Ch. 791, Statutes of 1957) and partly tidelands sold in fee. Applicant is fee owner of sold portions and a lessee of granted portions.

PURPOSE: Maintenance of navigability in harbor.

DREDGE VOLUME: 75,000 cubic yards.

SPOIL LOCATION: The Army Corps of Engineers dumping area south of Alcatraz Island.

CONSIDERATION: Royalty of \$0.05 per cubic yard to be charged for private benefit by use of State-owned minerals.

OTHER PERTINENT DATA:

1. Sausalito Yacht Harbor is a privately owned corporation and the harbor lands, with the exception of those portions sold in fee by the State, were leased from the State prior to the grant (1957) to the City of Sausalito.
2. The proposed work is the third time in the forty-year history of the harbor that dredging has been required.
3. Permits for the work have been issued by the following:
 - a. Army Corps of Engineers.
 - b. San Francisco Bay Conservation and Development Commission.
 - c. State Water Resources Control Board.
 - d. City of Sausalito.
4. Pursuant to the requirements of Section 6371 of the Public Resources Code, an environmental impact report has been prepared concluding that the proposed dredging would not have a significant detrimental environmental effect. Copies of the report, EIR No. 97, have been filed in the offices of the Commission in Long Beach and Sacramento and are available to the public.
