SUBVENTIONS TO CITIES AND COUNTIES  
FOR THE 1975-1976 FISCAL YEAR

DESCRIPTIONS: Section 6817 of the Public Resources Code provides for subventions of State tide and submerged land oil and gas revenues to cities and counties, under conditions described below, and requires the State Lands Commission to report to the State Controller the amounts of the revenues to be used for purposes of calculating the subventions.

PURPOSE: To approve qualifying beaches and parks, as required in Public Resources Code Section 6817 (Chapter 2160, Statutes of 1963, as amended by Chapter 1210, Statutes of 1975), as listed in Exhibit "A" attached and by reference made a part hereof.

OTHER PERTINENT INFORMATION:

1. The subventions shall be made to cities or counties that own or operate parks (public beaches) free of charge to the public for recreational purposes. Prior to January 1, 1976, the statute required that qualifying parks be immediately adjacent to and have a common frontage with State tide and submerged land leased for oil and gas. As of January 1, 1976, because of the enactment of Chapter 1210, Statutes of 1975, the adjacency and common frontage requirements were removed for cities. Beach parks and State oil and gas leases may now be located apart from one another, although within a City's corporate limits, with the City qualifying for subventions if other statutory conditions are met. As a result of the amendment, the City of Huntington Beach qualifies for subventions beginning January 1, 1976. The Cities of Carpinteria, Port Hueneme and Seal Beach were contacted to determine whether they qualified for additional beach footage under the amendment. They do not.

The City of Long Beach, which had not received subventions in past years, qualifies for the 1975-1976 Fiscal Year, and is included in Exhibit "A".

The County of Orange no longer qualifies for subventions because there are no State oil and gas leases (PRC 3119 was quitclaimed on April 25, 1973) offsetting the beach it

operates, i.e., Sunset Beach.

2. The subvention for each fiscal year shall amount to one percent (1%), of the State's total revenue from offshore State oil and gas leases located within the boundaries of the respective city or county, to a maximum of \$75,000 for each mile or fraction of a mile of qualifying beach.
3. The apportionment for any given fiscal year shall be based upon the physical facts existing on June 30 of the preceding fiscal year with respect to each City or County.
4. The State Lands Commission shall, at the time of remitting revenues to the State treasury, report to the State Controller the total amount of revenue received from tide and submerged lands shown with respect to each city or county to which such amount is applicable.

EXHIBIT: A. Cities & Counties Qualifying for subventions under Section 6917, Public Resources Code - 1975-1976 Fiscal Year.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE REPORTING TO THE STATE CONTROLLER OF THE SUBVENTIONS FOR THE 1975-1976 FISCAL YEAR THAT ARE ATTRIBUTABLE TO THE REVENUES RECEIVED FROM LEASES WITHIN THE LIMITS OF QUALIFYING CITIES OR COUNTIES ACCORDING TO THE PARKS AND MILEAGE AS DESCRIBED IN EXHIBIT "A" ATTACHED AND BY REFERENCE MADE A PART HEREOF.
