AMENDMENT OF GENERAL LEASE
RIGHT-OF-WAY USE

APPLICANT: Granvil Cherry
P. O. Box 641
Trona, California 93562

BACKGROUND: At its meeting on October 26, 1978 the
State Lands Commission authorized the issuance
to Granvil Cherry of a 10-year General
Lease, Right-of-Way, commencing October 1,
1978 for the installation, operation and
maintenance of a 1 1/2 inch soft plastic water
pipeline. The Commission made all necessary
CEQA findings at this meeting.

CURRENT SITUATION:

The proposed lease required the applicant
to acquire and submit a \$1,000 surety bond.
The applicant has attempted to comply but
has been unable to acquire the required
bond. Staff has investigated this matter
and has verified the applicant's difficulties
associated with acquiring the \$1,000 surety
bond.

The applicant has requested that the required
surety bond be replaced by a certificate
of deposit and the amount be reduced to
\$200. Staff has reinvestigated the proposed
lease and has determined that \$200 would
be sufficient to remove the proposed facilities.

OTHER PERTINENT INFORMATION:

The applicant has acquired and submitted
a \$200 certificate of deposit to satisfy
the surety requirement.

EXHIBITS: A. Land Description. B. Location Map.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE AMENDMENT
OF PRC 5539.2 REPLACING THE SURETY BOND OF \$1,000 WITH
A TIME CERTIFICATE IN THE AMOUNT OF \$200 WITH ALL OTHER
TERMS OF SAID LEASE PRC 5539.2 TO REMAIN IN FULL FORCE
AND EFFECT.
