CURRENT SITUATION:

The proposed lease was advertised in a local newspaper of general circulation on July 19 and 26, 1979. A bid package describing the proposed lease was mailed and/or hand delivered to all parties expressing an interest. In order to qualify as a potential lessee, a sealed bid was required. At 2:00 p.m. on August 9, 1979, the sealed bids were opened. The minimum acceptable bid was set at \$4,400 per annum, based upon an appraisal of the typical rental values in the immediate vicinity. The applicant, Fred Pfyffer, was the sole bidder with a bid of \$4,453 per annum. The bid was accompanied by a deposit equivalent to 10 percent of the annual rental.

An EIR is not required. This transaction is within the purview of 2 Cal. Adm. Code 2907, Class 1(B) which exempts an existing use for which there is no evidence of record to show injury to adjacent property, shoreline erosion, or other types of environmental degradation.

This project is situated on lands not identified as possessing significant environmental values. A staff review of available environmental information indicates no reason to identify the subject lands as having such values at this time.
