SANTA BARBARA COUNTY  
BEACH CLEAN UP AND HAZARD REMOVAL

Background and Present Situation

At its September 27, 1979, meeting the Commission awarded a hazard removal contract to Healy Tibbitts Construction Company. That contract is for removal activity involving abandoned oil producing facilities along the Santa Barbara coast.

Funding for this project up to the present has come from 1978 Federal grant. Currently, that funding has run out, yet many of the hazards still remain.

In an effort to find additional funding and continue the project, the staff has been in contact with several oil companies that have been active in the area. These include Sun Production Company, ARCO Oil and Gas Company, and Aminoil. These companies have agreed to contribute to our costs of mobilization and demobilization while evaluating the degree of their participation in the removal of these hazards.

EXHIBIT: A. Site Map.

IT IS RECOMMENDED THAT THE COMMISSION:

AUTHORIZE THE EXECUTIVE OFFICER TO EXECUTE CONTRACTS NECESSARY TO ACCEPT THE CONTRIBUTIONS BY AMINCIL, ARCO, AND SUN, FOR MOBILIZATION AND DEMOBILIZATION OF EQUIPMENT FOR HAZARD REMOVAL ACTIVITY IN THE SANTA BARBARA AREA.
