31. DREDGING PERMIT

During consideration of this item, it was taken off the consent calendar and considered during the regular agenda.

Mr. Peter Dalquist, representing the County of Orange, Environmental Management Agency, appeared. Mr. Dalquist requested that the provision in the permit be deleted whereby the State reserves the right at any time to assess a royalty if the Commission finds such action to be in the State's best interest. However, after discussing this with the applicant, the following language was agreed upon and amended into the Permit:

"The State reserves the right to assess a royalty of 25¢ per cubic yard for material placed on private property or used for any private or commercial property."

Upon motion duly made and carried, the resolution as presented in Calendar Item 31 attached was approved by a vote of 2-0.
