AUTHORIZATION TO ACCEPT AND RECORD A
GRANT DEED FROM SOUTHERN CALIFORNIA EDISON COMPANY
AND ISSUANCE OF GENERAL LEASE - RIGHT-OF-WAY USE

BACKGROUND:

The State Lands Commission currently owns a 2.78-acre parcel of land in the City of Seal Beach at the intersection of Pacific Coast Highway and First Street. This parcel is held as sovereign land and was acquired through an exchange in 1970. In 1976, the Commission authorized its staff to find a developer for this property. In working with the various development proposals for this parcel during the past 4 years staff has continually faced a problem of street access to the parcel. The City of Seal Beach has required that access to the State's parcel be developed from the privately owned portion of First Street and not from Pacific Coast Highway due to the hazards involved in access from the Highway because of a grade separation. The portion of First Street adjoining the State's parcel is owned by Southern California Edison Company and was the subject of prior Commission action at its meeting in Long Beach on April 26, 1979. This action involved a proposal by Southern California Edison Company to close this private road and prohibit public access. Staff opposed the closure and has arranged for Southern California Edison Company to leave the portion of the road which abuts the State's parcel open for public use.

CALENDAR ITEM NO. C13.(CONTD)

CURRENT SITUATION:

Staff has worked with representatives of Southern California Edison Company over the past year and have arranged for Southern California Edison Company to deed in fee a 50' strip of land along First Street adjoining the State's parcel to the State Lands Commission. This parcel contains approximately 0.50 acres. In consideration for the granting of this land, Southern California Edison Company has requested a 66-year rent-free permit for its existing power transmission line which occupies a small portion of State sovereign land near First Street and will retain a permanent Right-of-Way Easement for an existing powerline located in the 50' strip being deeded to the State. Staff feels that due to existing land values in the area and because this additional strip of land will allow development of the existing State sovereign land parcel that the loss of rental for the powerline Rights-of-Ways will be more than offset by the value of the land acquired and the value increase to the State's existing parcel.

Staff also believes that the parcel of land being acquired from Southern California Edison Company should be accepted as Sovereign Land subject to the public trust in order to be compatible with the existing State ownership in this area.

EXHIBITS:

- A. Grant Deed. B. Lease Description.
C. Location Map. D. Site Map.

THEREFORE IT IS RECOMMENDED THAT THE COMMISSION:

1. DETERMINE THAT AN ENVIRONMENTAL DOCUMENT HAS NOT BEEN PREPARED FOR THE 66-YEAR PERMIT AS SUCH DOCUMENT IS NOT REQUIRED UNDER THE PROVISIONS OF PRC 21084, 14 CAL. ADM. CODE 15100 ET SEQ, AND 2 CAL. ADM. CODE 2907 AS AN EXISTING FACILITY.

2. DETERMINE THAT AN ENVIRONMENTAL DOCUMENT HAS NOT BEEN PREPARED FOR THE ACQUISITION OF THE 0.50-ACRE PARCEL AS SUCH DOCUMENT IS NOT REQUIRED UNDER THE PROVISIONS OF PRC 21065, 14 CAL. ADM. CODE 15037 AND 15060 AND 2 CAL. ADM. CODE 2903(d).
3. DETERMINE THAT THIS PROJECT IS EXEMPT FROM THE REQUIREMENTS OF ARTICLE 6.5, OF TITLE 2, OF THE CAL. ADM. CODE BECAUSE THIS PROJECT IS NOT A DEVELOPMENT WITHIN THE MEANING OF SECTION 2503 OF TITLE 2 OF THE CAL. ADM. CODE AND SECTION 30105 OF THE PRC.
4. FIND THAT THE GRANTING OF A 66-YEAR PERMIT TO SOUTHERN CALIFORNIA EDISON COMPANY FOR THE EXISTING POWERLINE IS IN THE BEST INTEREST OF THE STATE.
