SUBVENTIONS TO CITIES AND COUNTIES
FOR THE 1980-81 FISCAL YEAR

DESCRIPTION: Section 6817, of the Public Resources Code, provides for subventions of State tide and submerged land oil and gas revenues to cities and counties, under conditions described below, and requires the State Lands Commission to report to the State Controller the amounts of revenues to be used for purposes of calculating subventions.

PURPOSE: To approve qualifying beaches and parks, as required in Public Resources Code, Section 6817 (Chapter 2160, Statutes of 1975), as listed in Exhibit "A" attached and by reference made a part hereof.

OTHER PERTINENT INFORMATION:

1. The subventions shall be made to cities or counties that own or operate parks (public beaches), free of charge to the public for recreational purposes. Prior the January 1, 1976, the statute required that qualifying parks be immediately adjacent to and have a common frontage with State tide and submerged land leased for oil and gas. As of January 1, 1976, because of the enactment of Chapter 1210, Statutes of 1975, the adjacency and common frontage requirements were removed for cities. Beach parks and State oil and gas leases may now be located apart from one another, although within a city's corporate limits, with the city qualifying for subventions if other statutory conditions are met.
2. The subvention for each fiscal year shall amount to 1% of the State's total revenue from offshore oil and gas leases located within the boundaries of the respective city or county, to a maximum of \$75,000 for each mile or fraction of a mile of qualifying beach.

CALENDAR ITEM NO. 32. (CONTD)

3. The apportionment for any given fiscal year shall be based upon the physical facts existing on June 30, of the preceding fiscal year with respect to each city or county.
4. The State Lands Commission shall, at the time of remitting revenues to the State Treasury, report to the State Controller the total amount of revenue received from tide and submerged lands shown with respect to each city or county to which such amount is applicable.
5. The County of Ventura has restructured a portion of its beach frontage by incorporating Hobson and Faria Parks within an extended frontage operated by the County for public recreation. The restructured beach area, now termed Rincon Parkway, encompasses 34,339 linear feet, of which staff has determined that 12,269 feet qualify under PRC Section 6817. As a result, qualifying mileage for Ventura County has increased from three miles to six miles.

EXHIBIT: A. City and counties qualifying for Subventions Under Section 6817, Public Resources Code - 1980-1981 Fiscal Year.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE REPORTING TO THE STATE CONTROLLER OF THE SUBVENTIONS FOR THE 1980-1981 FISCAL YEAR THAT ARE ATTRIBUTABLE TO THE REVENUES RECEIVED FROM LEASES WITHIN THE LIMITS OF QUALIFYING CITIES OR COUNTIES ACCORDING TO THE PARKS AND MILEAGE AS DESCRIBED IN EXHIBIT "A" ATTACHED AND BY REFERENCE MADE PART HEREOF.
