OTHER PERTINENT INFORMATION:

1. An EIR is not required. This transaction is within the purview of 2 Cal. Adm. Code 2907, Class 1(B), which exempts an existing structure or facility that is in an acceptable state of repair and there is no evidence of record to show injury to adjacent property, shoreline erosion, or other types of environmental degradation.
2. This project is situated on State land identified as possessing significant environmental values pursuant to P.R.C. 6370.1, and is classified in a use category, Class C, which authorizes Multiple Use.

Staff review indicates that there will be no significant effect upon the identified environmental values. This is an existing facility for which no adverse comments have been received.

3. The proposed sublease from Robert M. Sherman to Lloyd Bothwell is a portion of Lease PRC 5467.1, as summarized above. Mr. Bothwell is an experienced restaurant operator, with over 30 years experience in that field.
4. An application was submitted to the Department of Alcoholic Beverage Control, by Mr. Bothwell, for the granting of a liquor license for use of the subject premises in relation to the pending restaurant use thereof. Mr. Bothwell also requested staff to express its view of the liquor license matter to

ABC. In light of the history of the leased area, the staff agrees with Mr. Bothwell's proposals.

5. The premises at 410 Airport Blvd. are in proximity to several quality eating establishments that hold on-sale liquor licenses. Earlier efforts to operate a restaurant at the premises without a liquor license have not been successful. To compete fairly, the issuance of the license appears necessary. The State would benefit through the percentage of gross rents set forth in the lease. Staff believes that the granting of the license is also in the public interest, because it would allow healthy business competition and a better rate of return on the land which is held in trust for the people. ABC was advised accordingly.
