BOUNDARY SETTLEMENT AND EXCHANGE AGREEMENT
BETWEEN L R PARTNERSHIPS, LTD.
AND STATE LANDS COMMISSION
AT AGUA HEDIONDA LAGOON, SAN DIEGO COUNTY

APPLICANT: L R Partnership LTD, a limited partnership
c/o J L Rombotis
P. O. Box 1155
Carlsbad, California 92008

In January, 1979 a suit to Quiet Title was filed against the State concerning lands owned by L R Partnership, Ltd., located within Agua Hedionda Lagoon and within the Rancho Agua Hedionda, as to whether any State title claims exist therein.

A dispute exists between the parties as to whether a portion of the applicant's property consists of tidelands, and if so, whether the area claimed to be tidelands is subject to a public trust easement. In this regard, uncertainties exist in determining the location of the last natural mean high tide line of the lagoon.

Staff and applicant have negotiated a settlement agreement setting a compromise line across applicant's property. Applicant will convey to the State in fee the portion of applicant's parcel waterward of the compromise boundary line, in exchange for the removal of the public trust easement claim from the portion of applicant's parcel landward of the compromise line.

Portions of applicant's parcel are also subject to claims of an implied dedication easement of public access (Gion). Any easement will be terminated on the portion of the applicant's property landward of the compromise line in return for fixed non-exclusive easements for public access from the first public road to the proposed compromise line. The staff believes this easement corridor would provide necessary vertical access and thereby benefit lands obtained in this agreement. Therefore, it is suggested that staff be authorized to accept on behalf of the Commission an offer of dedication made in conjunction with the coastal permit process.
