APPROVAL OF  
LANDS FOR EXCHANGE PURSUANT TO  
SETTLEMENT OF STATE OF CALIFORNIA,  
ACTING BY AND THROUGH THE STATE LANDS COMMISSION,  
AND THE CITY OF RICHMOND V.  
RICHMOND SANITARY SERVICE, ET AL.,  
CONTRA COSTA SUPERIOR COURT NO. 160686

In February 1980, the State Lands Commission authorized settlement of the above-referenced action. The settlement agreement provided that lands claimed by Richmond Sanitary Service would have title cleared of State claims in exchange for Richmond Sanitary Service's provision to the State of lands amounting to a value of \$100,000 which are suitable for public trust purposes. In July 1980, the Commission approved an amendment to the authorized settlement agreement to provide for deposit by Richmond Sanitary Service of \$100,000 in a trust to be administered by the East Bay Regional Park District, since lands suitable for the exchange had not yet been identified. The sole purpose of the trust was location and acquisition of lands suitable for public trust purposes valued in the aggregate of \$100,000 or more to be administered as sovereign lands by the State Lands Commission. Escrow closed and the trust was established April 30, 1981.

CALENDAR ITEM NO. 47 (CONTD)

The Trust Agreement restricted the location of the exchange lands to the City of Richmond for six months from the date the trust was established. After October 30, 1981, the exchange lands were not restricted in location. No lands suitable for the exchange within the City of Richmond have been available since the trust was formed.

The lands identified in Exhibit "A", generally known as the Brod property, presently owned by World College West and located southerly of the Dumbarton Bridge, San Francisco Bay, are available for acquisition. The State would be acquiring the underlying fee title to these lands along the Bay shoreline, between the Bridge and the railroad tracks, consisting of approximately 100 acres of filled lands and adjacent tide flats. These lands abut the lands involved in the Westbay litigation. Staff appraisal indicates the lands identified in Exhibit "A" have a value amounting to \$81,000, exclusive of existing State interests. The trust would acquire fee title for \$81,000 leaving \$19,000 for later acquisition of exchange lands pursuant to the Trust Agreement.

Before the trustee may acquire these lands, the Trust Agreement requires that the lands be reviewed and approved by the State Lands Commission as being suitable to be impressed with the public trust and appropriate for the exchange. Because the lands are not within the City of Richmond, East Bay Regional Park District seeks cooperation of the State Lands Commission in locating a parcel within the City of Richmond to be acquired for public trust purposes and in applying land bank funds for acquisition of the parcel.
