Calendar Item 52 was pulled from the agenda prior to the meeting.

Agnes Mulhearn, attorney, representing the Catalina Conservancy and the Santa Catalina Island Company, requested the opportunity to speak. Ms. Mulhearn was concerned about the Commission's timeframe for making a decision regarding the Catalina matter.

Chairman Cory responded by saying that until the ongoing investigation concerning the number of moorings is completed, the Commission cannot respond to Ms. Mulhearn's question.

Ms. Mulhearn asked Chairman Cory if there was hope the decision would be made by the end of the year. Chairman Cory again responded by saying that as soon as the investigation is completed, it is the Commission's hope to make a decision as soon as practicable.
