INTERAGENCY AGREEMENT
FOR SURFACE MANAGEMENT OF
FISH AND WILDLIFE RESOURCES
BY DEPARTMENT OF FISH AND GAME
ON STATE SCHOOL LANDS,
IN LAKE AND NAPA COUNTIES

Staff of the State Lands Commission and the Wildlife Conservation Board on behalf of the Department of Fish and Game have mutually prepared a proposed Interagency Agreement whereby Department of Fish and Game will manage, on behalf of the State Lands Commission, the surface of 3,501.86 acres on nine separate parcels of State school lands located in Lake and Napa Counties. The specific State school lands involved are described on Exhibit "A" attached. The Agreement provides for Department of Fish and Game's management of the fish and wildlife resources on the surface in cooperation with State Land Commission's management of the subsurface mineral resources to optimize the full range of public benefit of the State school lands described in Exhibit "A". Qualified fish and wildlife management personnel of Department of Fish and Came are available while State Lands Commission lacks staff with expertise in fish and wildlife resource management practices and principles.

The proposed Agreement contains the following provisions:

It is the intent of the agencies that this Agreement provide only for the delegation of authority to Department of Fish and Game for the management responsibilities

of the surface of the 3,501.86 acres of State school lands, it shall not constitute or be construed as a sale, lease, or transfer of jurisdiction or any estate in such school lands and it shall not limit the ability of State Lands Commission to sell, lease or otherwise dispose of said school land.

The Agreement shall commence December 1, 1982 and continue to November 30, 1992 unless sooner terminated as provided.

Prior to June 30, 1984, Department of Fish and Game and State Lands Commission shall jointly prepare a Management Plan for 3,501.86 acres of school land, providing for surface management by Department of Fish and Game and for mineral management by State Lands Commission. The plan for maintenance and enhancement of fish and wildlife resources by Department of Fish and Game shall be oriented to the extent possible to be consistent with the plan by State Lands Commission for extraction and development of mineral resources. Amendments and modifications of the Management Plan shall be approved by both State Lands Commission and Department of Fish and Game prior to implementation. State Lands Commission may without Department of Fish and Game's consent sell, lease, or otherwise dispose of any or all of the school lands described in Exhibit "A". State Lands Commission shall give Department of Fish and Game 90 days notice regarding such an intent.

The Agreement may be terminated by either party upon 90 days written notice.

Any revenues generated from the use of the specified school lands or the sale of the resources by Department of Fish and Game will be deposited to the General Fund as required by P.R.C. Section 6217.5.

The Agreement is not one for exclusive management. (ther State agencies may participate in the management to the extent that
