BASIS FOR CONSIDERATION:

Pursuant to 2 Cal. Adm. Code 2003.

PREREQUISITE TERMS, FEES AND EXPENSES:

Filing fee has been received.

STATUTORY AND OTHER REFERENCES:

A. P.R.C.: Div. 6, Parts 1 and 2; Div. 13.

OTHER PERTINENT INFORMATION:

1. Applicant operates a commercial AM radio station near Truckee, KTRT, which serves as CALTRANS' official road condition news outlet for the Truckee-Donner - Tahoe area. During the preceding severe winter, applicants' existing antenna was blown down. Costs to repair and operate it are uneconomical compared to construction of new equipment, needed anyway. Applicant will need State lease approval before County approvals.

Though the site will occupy a portion of the Commission's pilot reforestation project on this parcel of State school lands, it is located away from the areas of best tree growth. The access, elevation, terrain and proximity to electric power lines favor the proposed site. Following construction, the leased parcel will be seeded to grass or native vegetation.

2. This project is exempt from CEQA because it involves new construction of a small facility, pursuant to 14 Cal. Adm. Code, Div. 6, Section 15103.
3. This project is situated on lands not identified as possessing significant environmental values pursuant to P.R.C. 6370.1.
