AUTHORIZATION TO FILE A DISCLAIMER IN
JENNIFER ALVES, ET AL. v.
PACIFIC GAS AND ELECTRIC COMPANY, ET AL.,
CASE NUMBER 767374, IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA, IN AND FOR
THE COUNTY OF SAN FRANCISCO

The State of California has been named as a defendant in this wrongful death action, wherein it is alleged that defendants have caused the Russian River, in the vicinity of the site of the accident, to be in a dangerous and unnatural condition, resulting in the drowning death of Plaintiffs' deceased.

After examination of the Commission's records pertinent to the area, staff has concluded that there is no basis for a determination that the Russian River at the subject location was susceptible to navigation under the federal test for title as of September 9, 1850. The river may, however, be suitable for rafting or other recreational activities under certain seasonal conditions. Staff therefore recommends that the Commission disclaim any ownership interest in the bed of the Russian River at the subject site, provided, however, that such disclaimer does not constitute a disclaimer or waiver of public trust easement rights over the river.
