OTHER PERTINENT INFORMATION:

1. On June 29, 1982 the State Lands Commission approved the assignment of Lease PRC 2714.1 to Pebble Beach Company, a General Partnership, whose general partners were Twentieth Century - Fox Film Corporation ("Fox"), a Delaware Corporation and Urban Diversified Properties, Inc. ("Little Urban"), a Connecticut Corporation.

As of December 30, 1982, Urban Investment and Development Company ("Big Urban") became the third general partner in the Partnership. Concurrent with the change in the Partnership, Little Urban became a wholly owned subsidiary of Big Urban. Therefore Fox, Little Urban and Big Urban constitute the current Partnership of Pebble Beach Company, the State's Lessee.

Present situation: The staff has been informed that Big Urban and Little Urban have both sold their assets to MKDC II, a General Partnership. Fox and MKDC II will therefore constitute the new Partnership of Pebble Beach Company. The current Partnership therefore wishes to assign its interest in Lease PRC 2714.1 to the new Partnership. The Lessee's name under this lease will remain the Pebble Beach Company, a General Partnership.

CALENDAR ITEM NO. 13 (CONTD)

2. The pier is currently in disrepair due to damage by winter storms, which places the current Lessee (current Partnership) in default under the terms of the Lease. The Lessee has acknowledged this default and has decided to remove the pier.

As a condition for approving an assignment of Lease PRC 2714.1, the staff recommends the following:

- (a) The new Partnership shall be liable for removal of the pier no later than June 30, 1984.
  - (b) The new Partnership shall keep in effect a surety bond in the amount of \$300,000 naming the State as the assured.
  - (c) The current Partnership shall remain liable for correction of the default should the new Partnership fail to make such correction.
3. This activity is exempt from CEQA, because it is not a project pursuant to 14 Cal. Adm. Code 15378.
4. The facility under Lease PRC 2714.1 is situated on lands identified as possessing significant environmental values pursuant to P.R.C. 6370.1, and is classified in use category "A", which authorizes Restricted Use. The activity as proposed will not have a significant effect upon the identified environmental values.
