AMENDMENT OF CONSTRUCTION LIMITING DATES
GENERAL PERMIT - RECREATIONAL USE

LESSEE: J. B. and D. Enterprises
5400 The Toledo
Long Beach, California 90803

BACKGROUND:

On March 19, 1980 (Minute Item 9), the State Lands Commission authorized the issuance of a ten-year General Permit - Recreational Use, to Joseph and Barbara Noble for incidental dredging and construction of a bulkhead, pedestrian ramp, and seven boat docks for private recreational use in the Huntington Harbour Main Channel, Orange County. The Lease was subsequently amended to change the name of the Lessee to J. B. and D. Enterprises, and again amended by Commission action on June 23, 1983 (Minute Item 15) for the following purposes: 1) reduce the number of boat slips to five; 2) provide for a new land description; 3) increase in consideration; 4) provide for a surety bond; and 5) provide for construction limiting dates of November 1, 1983 to November 1, 1984.

PRESENT SITUATION:

Lessee has informed staff that construction of the seawall is complete, and all docks are virtually complete. Due to delays of the original contractor, however, some additional dredging remains, and the artificial fish habitats need construction. Lessee further informed staff that a new contractor has been engaged and it is anticipated that construction will be completed approximately June 30, 1985. Staff recommends that the construction limiting dates be amended to provide for a construction completion date of June 30, 1985.
