AMENDMENT OF GENERAL LEASE - RECREATIONAL USE  
AND  
APPROVAL OF RULES AND REGULATIONS FOR PUBLIC  
ACCESS TO, AND USE OF RECREATIONAL PIER

LESSEE:

Pebble Beach Company  
Attn: Larry Seeman  
P. O. Box 725  
Pebble Beach, California 93953

On November 29, 1984, Minute Item 17, the Commission authorized the issuance of the replacement of a General Lease - Recreational Use, to the Pebble Beach Company for an existing pier facility located on coastal tide and submerged land situated in Carmel Bay at Stillwater Cove, Monterey County. The term of the Lease is 25 years, effective November 1, 1984.

Issuance of the Lease provided for restoration of the pier facility. Construction was to begin no later than November 1, 1984, and be completed no later than June 1, 1985. The Lease further provided that the public shall be allowed access to the pier and shall be permitted to use the pier; however, such access and use shall be subject to rules and regulations of the Pebble Beach Company as have been approved, in writing, by the State Lands Commission.

At the time of authorization for issuance of the Lease by the Commission, the Pebble Beach Company was in the process of establishing an Access Management Plan for access and use of the pier, which upon approval by the Coastal Commission and adoption by the County, would be incorporated into the County's Land Use Plan. For this reason staff agreed that the Pebble Beach Company could return to the Commission at a later date for approval of the rules and regulations for public access and use of the pier.

In addition, a Use Permit was issued by the Coastal Commission. Pebble Beach Company has submitted rules and regulations for staff's review, and has requested that the construction limiting dates for restoration of the pier be amended to comply with the provisions of the Use Permit.
