SUBVENTIONS TO CITIES AND COUNTIES
FOR THE 1985-1986 FISCAL YEAR

DESCRIPTION: P.R.C. Section 6817 provides for subventions of State tide and submerged land oil and gas revenues to cities and counties, under conditions described below, and requires the State Lands Commission to report to the State Controller the amounts of revenues to be used for purposes of calculating subventions.

PURPOSE: To approve qualifying beaches and parks, as required by P.R.C. Section 6817, as listed in Exhibit "A" attached and by reference made a part hereof.

AD 884: N/A.

OTHER PERTINENT INFORMATION:

1. The subventions shall be made to cities or counties that own or operate parks (public beaches) free of charge to the public for recreational purposes. Prior to January 1, 1976, the statute required that qualifying parks be immediately adjacent to and have a common frontage with State tide and submerged land leased for oil and gas. As of January 1, 1976, due to the enactment of Chapter 1210, Statutes of 1975, the adjacency and common frontage requirements were removed for cities. Beach parks and State oil and gas leases now may be non-contiguous, although within a City's corporate limits, with the City qualifying for subventions if other statutory conditions are met.

2. Chapter 1553 was enacted by the Legislature in 1984 and became effective January 1, 1985. The Statute revised the subvention distribution formula as follows:
 - a. Fiscal Year 1983-84 oil and gas revenues to the state from applicable leases became the basis for application of the subvention formula, as follows:
 - 1) For amounts up to the Fiscal Year 1983-84 applicable lease revenue totals, subventionees may receive one percent of such revenues, up to a maximum of \$100,000 for each mile of qualifying beach frontage, or portion thereof. This represents an increase of \$25,000 from the previous maximum of \$75,000 per mile of qualifying beach frontage, or portion thereof.
 - 2) For amounts over and above Fiscal Year 1983/84 applicable lease revenue totals, subventionees will be entitled to receive one percent of such excess amounts without regard to any maximum limitations, although a qualifying beach will continue to be required.
3. With respect to each city or county, the apportionment for any given fiscal year shall be based upon the physical facts existing on June 30 of the preceding fiscal year.
- 4) Certifications required by P.R.C. Section 6817 have been made by each of the subventionees for Fiscal Year 1985-86.
- 5) The State Lands Commission shall, at the time of remitting revenues to the State Treasurer, report to the State Controller the total amount of revenue received from tide and submerged land shown with respect to each city or county to which such amount is applicable.

CALENDAR ITEM NO. 34 (CONT'D)
