OTHER PERTINENT INFORMATION:

1. The State Lands Commission at its meeting of May 23, 1985 authorized the issuance of a Public Agency Permit to the Arizona State Parks Board for the Yuma Crossing State Park. Arizona has requested that the land description be amended to that shown on Exhibit "A" attached. The amended description will reduce the lease area to approximately 12,500 feet of frontage along the Colorado River.
2. The leased lands are sovereign lands of California which are located within the political jurisdiction of Arizona as a result of the interstate boundary compact.
3. This activity involves lands which have NOT been identified as possessing significant environmental values pursuant to P.R.C. 6370, et seq. However, the Commission has declared that all tide and submerged lands are "significant" by nature of their public ownership (as opposed to "environmental significant"). Since such declaration of significance is not based upon the requirements and criteria of P.R.C. 6370, et seq., use classifications for such lands have not been designated. Therefore, the finding of the project's consistency with the use classification as required by 2 Cal. Adm. Code 2954 is not applicable.
4. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Adm. Code 15061), the staff has determined that this activity is exempt

1. FIND THAT THE ACTIVITY IS EXEMPT FROM THE REQUIREMENTS OF THE CEQA PURSUANT TO 14 CAL. ADM. CODE 15061 BECAUSE THE ACTIVITY IS NOT A PROJECT AS DEFINED BY P.R.C. 21065 AND 14 CAL. ADM. CODE 15378.
