APPROVAL OF A COMPROMISE TITLE SETTLEMENT AGREEMENT IN THE
COMMISSION'S DUAL ROLE AS ADMINISTRATOR OF SOVEREIGN LANDS
AND TRUSTEE OF THE KAPILOFF LAND BANK TRUST FUND

APPLICANT: Hyatt Corporation
1333 Old Bayshore Highway
Burlingame, California 94010

A title dispute exists between the State of California and Hyatt Corporation concerning possible sovereign title interests over a portion of an approximately 9.134-acre parcel of land near San Francisco Bay in the City of Burlingame, San Mateo County. This claim is based on the land's historic character as tidelands of the State. Hyatt Corporation is the successor-in-interest to State patents which incorrectly characterized the controverted portion of the subject property as swamp and overflowed. The legal effect of these patents was to reserve the public trust easement to the State while conveying the underlying fee, to the extent that such patents included sovereign tidelands.

The property has been filled and reclaimed and is currently dry land. Staff of the State Lands Commission has studied evidence of title to the subject parcel and has concluded that some historic tidelands of the State, subject to a public trust easement for commerce, navigation, fisheries, and associated wetlands uses were included within the subject parcel. Hyatt Corporation does not necessarily concur in staff's analysis.

It has been proposed that that this dispute be resolved by entering into a Compromise Title and Settlement Agreement. The staff of the Commission recommends approval of the compromise agreement now on file in the offices of the State Lands

Commission. The agreement contains the following principle provisions:

1. The State will convey by patent to Hyatt Corporation all its right, title and interest to the parcel, as described in Exhibit "A" and as depicted on Exhibit "B";
2. In exchange, Hyatt Corporation will deposit \$100,000 into the Kapiloff Land Bank Trust Fund in the Treasurer's Office, to be used to acquire lands useful for public trust purposes, the land so received and held by the State as tide and submerged lands subject to the public trust.

Staff has appraised the real property and has evaluated the law and facts bearing on the title dispute and has concluded that the Compromise Title Settlement Agreement is in the best interest of the State and that the State will receive property and funds equal to or greater in value than the interests in the land relinquished pursuant to the Compromise Title Settlement Agreement.
