Gentlemen:

Pursuant to your application dated July 22, 1986, and by the authorization of the State Lands Commission on October 23, 1986, you are hereby granted permission to dredge, during the term of the permit, a maximum of 25,000 cubic yards per year of sand, silt, clay and gravel, excluding all other minerals including, but not limited to, oil, gas and geothermal from an area of ungranted tide and submerged lands in the Klamath River, immediately upstream from the Route 101 Bridge in Del Norte County as designated in Exhibit "A" attached hereto, which are by this reference expressly made a part hereof as necessary to maintain the flow channel of the River. Said permission includes the right to use dredge spoils for replenishment of eroded adjacent riverbank in need of repair.

The primary purpose of the project is not to extract material, but to create temporary channels to maintain the flow of the River. Such work shall not include removal of live mature riparian trees.

No royalty shall be paid for material used for replenishment of eroded adjacent riverbank in need of repair. A royalty of \$0.25 per cubic yard shall be paid for any material used for any private or commercial benefit. Said permission is given on the condition that all dredging and spoils deposition shall be done in accordance with all applicable Federal, State and local government laws, rules and regulations. Said permission shall be effective from November 1, 1986 through October 1, 1996.

The permission to dredge the above described lands is based upon information presently available to the State Lands Commission, and is given without survey or title determination. Such permission shall not be construed as creating or establishing boundaries nor as necessarily establishing the extent of the State's claim to property in the area. The State warrants

neither the title to the demised premises nor any right you may have to possession or quiet enjoyment of the same.

It is hereby agreed that the operations authorized under this permit shall be performed with diligence, in a good and workmanlike manner, and with the use of due care and safety precautions.

It is further agreed that you shall submit copies of reports or contracts with the dredging operator substantiating the volume of materials dredged and any royalties due to the Commission on a quarterly basis, on forms supplied by the Commission (Form 30.9 NC). It is agreed that you shall submit said forms on or before the fifteenth (15th) day of the month following the end of each permit quarter, together with payment for the royalty due on the volume removed during that quarter. The first permit quarter shall be the first three months following the effective date of this permit, and every three-month period thereafter shall be a permit quarter.

It is hereby agreed that, pursuant to Public Resources Code Section 6224, any installments of royalty accruing under the provisions of this permit that are not paid when due shall be subject to a five percent (5%) penalty and shall bear interest at the rate of one and one-half percent (1-1/2%) per month from the date when the same was payable by the terms hereof.

It is agreed that you shall furnish the Commission with copies of final surveys or copies of any other computations used as a basis to verify dredge volumes within twenty-five (25) days of completion of the activity authorized hereunder.

It is agreed that you shall indemnify, save harmless and, at the option of the State of California, defend said State, its officers, agents and employees, against any and all claims, demands, causes of action, or liability of any kind which may be asserted against or imposed upon the State of California or any of its officers, agents or employees by any third person or entity, arising out of or connected with the issuance of this permit, operations hereunder, or the use by you or your agents, employees or contractors, of the above described lands.

Without limiting the generality of the foregoing, such indemnification shall include any claim, demand, cause of action or liability of any kind asserted against or impounded upon the State of California or any of its officers, agents or employees arising out of or connected with any alleged or actual violation

by you, your agents, employees or contractors of the property or contractual rights of any third person or entity. It is agreed that you shall at the option of the Commission procure and maintain liability insurance for the benefit of the State in an amount satisfactory to the Commission.

You agree to comply with the terms and conditions hereof, and you further agree, that any violation thereof shall constitute grounds for termination of this permit and shall allow the Commission to pursue any other remedy available to it under the law. It is further agreed that this permit may be suspended, modified or terminated whenever the State Lands Commission deems such action to be in the best interests of the State, and that no such action by the Commission shall be deemed to be a basis for any claim or cause of action for damages against the State or any officer, employee or agency thereof.
