**APPROVAL OF A COMPROMISE TITLE SETTLEMENT AGREEMENT  
SOUTH SAN FRANCISCO, SAN MATEO COUNTY  
UNDER KAPILOFF LAND BANK ACT, P.R.C. 8600 ET SEQ.**

**PRIVATE PARTY: Tinmet Corporation, a Subsidiary of  
American Can Company**

A title dispute exists between the State in its sovereign capacity, the City of South San Francisco, as grantee ("City"), and Tinmet Corporation, a Delaware Corporation and a Subsidiary of American Can Company ("Tinmet") concerning ownership of approximately 20 acres of real property located in South San Francisco, San Mateo County. The real property is referred to as the Settlement Parcel, and is described in Exhibit "A", and is depicted on Exhibit "B".

Tinmet is the record owner of the Settlement Parcel as successor in interest to a State patent which characterized the land as swamp and overflowed.

City, by Chapter 345 of the Statutes of 1913, as amended, was granted all right, title, and interest of the State on and to all the salt marsh, tidelands and submerged lands within the City, in trust for harbor purposes, subject to certain terms, conditions, and reservations.

Tinmet contends that the State patent conveyed all right, title and interest of the State within the Settlement Parcel without any reservations to the State, express or implied, and that it now holds title to the property free and clear of any State right, title or interest.

The staff of the State Lands Commission has conducted a study of the evidence of title to the Settlement Parcel and has drawn a number of factual conclusions, including those summarized

below:

1. The parcel includes filled and reclaimed historic wetlands which formerly consisted of marsh and sloughs.
2. It was in a natural state covered, at least in part, by the ordinary tides of San Francisco Bay, the precise extent of coverage being subject to dispute.
3. The Settlement Parcel, in whole or in part, is within lands granted by the Legislature to the City pursuant to Chapter 345 of the Statutes of 1913, as amended.

The staff is of the opinion that the title evidence and the applicable legal principles lead to the conclusion that the State, in its sovereign capacity, and its grantee, the City of South San Francisco, are the owners of some public trust right, title or interest in the Settlement Parcel. The exact extent and nature of the State's and City's interest is, however, subject to uncertainty and dispute.

The property has been filled and reclaimed since before 1900 and has been used as an industrial site, and is no longer covered by the waters of San Francisco Bay.

Tinnet has offered to resolve the title dispute by written agreement in compromise settlement of the legal and evidentiary issues. The staff of the State Lands Commission recommends approval of the settlement in substantially the form of the agreement now on file with the Commission.

While the agreement sets forth all the specific terms and conditions of the settlement, a brief summary of some of the principal terms and conditions of the settlement is set forth below, as follows:

1. The private party will deposit the sum of \$300,000 into the Kapiloff Land Bank Fund which is administered by the State Lands Commission as trustee pursuant to P.R.C. 8600 et seq.
2. The City will quitclaim all right, title, and interest it may have in the Settlement Parcel by virtue of Chapter 345 of the Statutes of 1913, as amended, to the State for purposes of effectuating the compromise settlement agreement.

(ADDED 01/16/87)

CALENDAR ITEM NO. 33 (CONT'D)

3. In exchange for the above transfer of funds by Tinmet to the State, the State will convey to Tinmet all its right, title, and interest and will terminate the public trust interest in the Settlement Parcel.
4. City will use its best efforts to identify, and State, as trustee of the Land Bank Fund, will use its best efforts for three years to acquire, available lands within the City which are useful for public trust purposes, with the monies deposited into the Land Bank Fund pursuant to the compromise settlement agreement.
5. The agreement provides for an escrow and will be effective upon its recordation. Escrow fees and any title insurance will be without cost to the State.

Staff has appraised the Settlement Parcel and has evaluated the law and the evidence bearing on the title dispute, and is of the opinion that the sum of \$300,000 is equal to or greater than the value of the State's interest in the Settlement Parcel.
