CALENDAR ITEM NO. 44 (CONT'D)

AB 884:

07/08/88.

OTHER PERTINENT INFORMATION:

1. An application for a lease to cover operation of the existing marina and any future leasing is being processed by staff of the Land Management Section.

The date the lease will be issued is uncertain at this time because of unresolved title problems between the State and the Bureau of Land Management. The applicant is currently operating the marina under a lease from the BLM. The beach area is open to the public free of charge. The applicant has requested that the dredging proposed at this time be approved prior to issuance of the lease because the proposed project site is generally dry until mid January, thus making removal of material at this time more economical and environmentally feasible.

2. This activity involves lands identified as possessing significant environmental values pursuant to P.R.C. 6370, et. seq.. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
3. A Finding of No Significant Impact (FONSI) was prepared and adopted for this project by the U. S. Army Corps of Engineers, Los Angeles District. The document was circulated for public review as broadly as State and local law may require and notice was given meeting the standards in 14 Cal. Adm. Code 15072(a). Therefore, pursuant to 14 Cal. Adm. Code 15225, the Staff recommends the use of the federal FONSI as the equivalent of a Negative Declaration.

Said permission shall be effective from January 1, 1988 through December 31, 1988.

It is hereby agreed that the operations authorized under this permit shall be performed with diligence, in a good and workmanlike manner, and with the use of due care and safety precautions.

The first permit quarter shall be the first three months following the effective date of this permit, and every three-month period thereafter shall be a permit quarter.

It is hereby agreed that, pursuant to Public Resources Code Section 6224, any installments of royalty accruing under the provisions of this permit that are not paid when due shall be subject to a five percent (5%) penalty and shall bear interest at the rate of one and one-half percent (1½%) per month from the date when the same was payable by the terms hereof.

It is agreed that you shall indemnify, save harmless and at the option of the State of California, defend said State, its officers, agents and employees, against any and all claims, demands, causes of action, or liability of any kind which may be asserted against or imposed upon the State of California or any of its officers, agents, or employees by any third person or entity, arising out of or connected with the issuance of this permit, operations hereunder, or the use by you or your agents, employees or contractors, of the above-described lands.

Without limiting the generality of the foregoing, such indemnification shall include any claim, demand, cause of action or liability of any kind asserted against or impounded upon the State of California or any of its officers, agents or employees, arising out of or connected with any alleged or actual violation by you, your agents, employees or contractors of the property or contractual rights of any third persons or entity.
